**South Magazine reports:**  
**"S&H GREEN STAMPS**  
**are helping Dixie grow"**  
 "During the past few years a major addition to business in the South has been the fast-growing trading stamp industry.  
 "Proof of the growing importance stamps play in bolstering the area's economy is found in the Southern operations of The Sperry and Hutchinson Company, distributors of the widely-known S&H Green Stamps.  
 "In 1957 alone, S&H purchased more than \$12 million worth of merchandise from Southern manufacturers, providing many of the area's industries with increased outlets for their products and boosting Southern payrolls.  
 "Added to those figures is the \$2,250,000 annual payroll written by S&H for its present and growing 866-person Southern personnel. The Company has invested hundreds of thousands of dollars in real estate to locate its modern redemption centers, indicating that the industry has become a permanent part of the area's business life."

**Meeting Held**  
 The monthly meeting of the community development organization was held September 4. It was reported that the road entrance signs has been erected. Some discussion was held in regard to future plans for the organization, but any action was postponed until the October meeting, when it is hoped a larger number will be present.

**Liberty Homecoming**  
 "Homecoming Day" was observed at Liberty Baptist Church September 7, with a large number of former members and friends attending. The pastor, the Rev. Melvin Brooks, brought the morning message and there were short talks by former members. The Rev. George A. Cloer and Rev. C. C. Hooper, two former pastors of Liberty, also gave short talks.  
 John Campbell, president of the northern division of the Macon County Singing Convention, was in charge of the singing in the afternoon. Congregational singing with J. M. Raby and Jess Keener directing was enjoyed by the group. Among the special singers present were: The Jamison Quartet and Trio, The Dietz Trio, and Bishop Quartet, from Jackson County; The Gene Southard Trio, Tom Henson Quartet, Briartown Quartet, and Lon Thompson Quartet.  
 This was the semi-annual meeting of the singing convention and the election of officers was held. All officers were re-elected. They are: president, John Campbell; vice-president, General Owenby; and secretary, Gaston Dean.

**Cowee Homecoming**  
 Comee Baptist Church is making plans for homecoming to be held the first Sunday in October.  
**Personals**

**Macon County A.S.C. Items**  
**Reported Yet?**  
 Farmers who received conservation materials through the Macon County A.S.C. Office should make a report to the office as soon as the material is used, according to Miss Mildred Corbin, manager.  
 Farmers who wish to make a report may call by the office in person, send a member of the family or neighbor as an agent for them, or they can mail in their copy, which was handed them with their purchase order for the material. Performance reports are a must in order to finish the yearly records.  
**Discount Allowed**  
 Farmers may still obtain cer-

tificates to purchase T.V.A. ammonium nitrate at a discount price if they will first visit the A.S.C. office. Any farmer is eligible to receive five tons of eligible crops. The discount price will be in effect from now until November 30, 1958.  
**Cost-Sharing**  
 Any farmer is eligible to sign up and request assistance through the A.S.C. office for establishing a winter cover crop. The program is open to all farmers and it provides cost-sharing to aid farmers in carrying out certain approved soil and water conserving practices. Assistance may be obtained on the following winter cover crops:  
 seeds crimson clover, ryegrass, vetch, rye, oats, barley, and wheat.  
 There are now 1,232 farmers participating in the 1958 A.C.P. program in Macon County.  
 Farmers who have not yet requested assistance under the 1958 program may still do so. They may select from a wide list of practices the ones needed on their individual farms to check and control soil erosion, build up stockpiles of soil fertility, and make better use of water.  
 Get your soil tested now for proper fall liming and fertilization.
