NORTH CAROLINA

MACON COUNTY

Under and by virtue of the power of sale vested in the undersigned trustee by a deed of trust executed by L. L. Simonon, dated July 29, 1958, and recorded in the office of the Register of Deeds for Macon County, North Carolina, in Book 49, page 315, of Mortgages and Deeds of Trust, said deed of trust having been executed to secure certain indebtedness therein set forth, and de-

fault in the payment of said indebtedness having been made, I will on Monday, July 11, 1960, at 12 o'clock noon, at the Court-house door in Franklin, North Carolina, sell to the highest bidder for cash the following described land:

All that tract or parcel of land lying and being Lot Number 20 in Section E in a tract of land known as Cullasaja Heights, a plat of which is recorded in the office of Register of Deeds for Macon County, North Carolina, in Plat Book No. 1, page 47. Also the rights and privileges conveyed in a deed from Eva S. Gates, dated July 30, 1951, and recorded on August 17, 1951, in the office of the Register of Deeds for Macon County, North Carolina, in Deed Book Z-5, page 500, and subject to the restrictions contained in said deed as follows:

"In addition to the real estate hereinbefore conveyed, the party of the first part conveys to the said party of the second part, her heirs and assigns, the right to fish, bathe and boat in Mirror Lake located upon said Subdivision; it being expressly understood and agreed that said fishing, bathing and boating rights shall be so exercised as not to hinder, delay or interfere with others who have acquired the same rights under deed from party of the first part."

This the ninth day of June, 1960.

CITIZENS OF FRANKLIN

TAKE CARE — BEWARE

Don't be lulled into a false sense of security by your fine step backward in defeating the Water Bond Issue. There are still many dangers ahead that must be avoided if progress is to remain defeated.

Watch out for those misguided advocates of a new, modern, fireproof courthouse. Think what a horrible contrast it would create for your shabby business area.

Then, too, there are those who will try to talk you into improving and extending your sewer system. Such improvements are certain to damage the septic tank and out-house businesses.

By all means, block the entry of Duke Power into Macon County. Duke is unquestionably one of the most progressive utilities in the United States. It is sure to leave nothing undone to make Macon County attractive to Industry, Investors and Tourists. Ask any business man, banker or Chamber of Commerce in the area Duke serves and they will confirm that this Company is dedicated to progress. Ain't that awful?

Just you let Duke get a toehold in your community and the area will grow and prosper beyond your control. Then the builders and developers will come in and go to work. Do you know that construction noises have been known to keep chickens from laying and reduce a cow's milk. Your children may be able to stay here instead of being compelled to go elsewhere to work and those now working some place else may decide to return. Duke must be stopped if Franklin is to retain its place on the census list of towns that dare not to grow.

Be sure to ward off any and all attempts to extend your City Limits. A one mile radius makes a nice well contained small town. To stay small you must think small and act small.

Your newspaper has done only a fair job in thwarting progress. Urge it to take a tougher stand against anything and everything better. Remember, business men, investors and tourists usually judge a community by its newspaper and yours is not nearly bad enough to discourage them completely. At least, not as long as your land prices are so attractive—even lower than most distressed areas.

There are, of course, many more ways to retard your community's development which space does not permit listing. However, I will be glad to supply such information upon request.
