Jackson Springs

The play "Farm Folks" presented by the faculty on Friday night was enjoyed by a large crowd. It is hoped that the faculty will give this play again after the holidays and take it to other places. The proceeds will go towards buying lights for the dormitory and school building.

Miss Lillian Jordan is at home from Buies Creek.

The Girl's Literary Society of the High School presented a program to the Community Club Tuesday evening of this week in the place of a regular program.

All the tobacco raised around here has not been sold.

Farmers are far behind with their work. Labor has been high and farmers have been getting very little for cotton and tobacco and felt like they could not afford to pay high prices for cotton picking, etc. Some of those who paid such big prices for labor and caused others to pay exorbitant prices will go in the hole this year. And we hope that things will soon come to an equal basis and everybody make some profit.

School closed for the holidays here on Wednesday of this week.

Mrs. Beulah Coox, of Clayton, is visiting her people near here.

This week will bring many of our young people home from their respective colleges to spend the holidays.

Mrs. Paul Miller, of Hamlet, is visiting relatives near here.

Born to Mr. and Mrs. E. W. Bruton a son on December 17.

Mr. J. F. Herndon and family have moved to Ellerbee.

Several from this part of the county

were in Carthage last week attending court and doing their Christmas shopping

Mr. W. H. Jones who was carried to a hospital in Hamlet some time ago is improving.

It Wont Work Here

Mr. A. K. McMillan, rural letter carrier of Vass Route 2, was notified by letter on Wednesday morning by Justice of the Peace R. C. Cox, of Durham, that he had violated the speed law on the Raleigh road on the 12th day of December. The magistrate also informed Mr. McMillan that if he did not appear in five days he would be arrested by the sheriff of this county, but if he appeared within that time he would be released by paying \$8.75. Mr. McMillan says that he can prove by competent witnesses that he nor his car were not outside of Vass on that date. The constable of Durham, who made the charge must have had on his magnifying glasses. The idea of looking into Vass from Durham. Hully Gee, what next are they going to pull off in Durham.

Making Merry at School

Christmas is a time of happiness and merry making, but if you could have been with the primary department of the Vass Graded School on Tuesday, Dec. 21, you would have said that it was sure enough a time of merry making. On coming to school in the morning each pupil brought a tin can filled with sand, in which was soon planted a miniature Christmas tree. These trees were trimmed in somewhat the same way as a large one, only the toys used were cut from old catalogues and magazines. Christmas stories were told, letters written to Santa Claus and at the close each pupil in turn came forth and played that he or she was "Little

Jack Horner who sat in the corner eating a Christmas Pie." The "plum" pulled from Jack Horner's Pie and the Christmas trees were carried away to be enjoyed some more at home.

When you see a Vass woman who is proud of her hat it is safe to bet that it's only about the second time that she's had it on.

Delight Your Boys and Girls BY GIVING THEM A Shetland Pony for Xmas

We still have on hand some of the Shetland Ponies we had on exhibition at the recent Sandhill Fair. Every animal is a genuine Shetland brought here by an expert horseman from the Blue Grass Region, and examined by a State Veterinary before being put into shipment for North Carolina.

The Ponies are stabled in Aberdeen. Call at our office and we will be pleased to show and price them to you. Liberty Bonds will be accepted as cash.
