BRIEFS

Good morning!

Don't fail to boost Vass

Don't take business out of Vass

Don't fail to do all you can for Vass

Don't fail to talk drug store for Vass

Don't fail to encourage bank of Vass

Don't fail to talk for town hall for Vass

Methodist Bishop says pastors live longer these days because they preach less. It might be interesting to learn what effect the policy has on their congregations.

Among other articles, a quart of whisky was recently put in the cornerstone of a new operation. It's a good thing they are erecting a building on it.

The reason a man can't wax very enthusiastic over his wife's new gown is because he hasn't seen the bill yet.

Since prohibition went into effect there are a lot of men with a good working idea of the use of various cooking utensils who never before saw the inside of a kitchen.

Our Sympathies are with the man whose wife has just finished a starvation stunt in order to make him join the church. There's a chap who is probably getting his hell on earth.

American Legion of a Massachusetts town has offered a bonus of \$25 to any of its members who get married. Thought does chaps had seen so much fighting they wanted to forget it.

Distance may lend enchantment, but, personally, we don't think any more of Emma Goldman 4000 miles away than we did when she was right in our very much disturbed midst.

A standard dress for women, as suggested by a prominent English matron, would be all right or all wrong just in proportion as to whether the standard was high or low.

In the interest of simplified spelling one may hope that his enemies will knock a little "l" out of Lloyd George.

The chap who wines that he was a fool to get married never seems to remember that he was a fool before he got that way.

We have it on what we consider sufficient authority that few women are wearing petticoats any more, which is not surprising in view of the fact that few women are wearing much of anything any more.

Edsel Ford has had his appendix removed, but we'll bet it took even as expert a mechanic as Edsel a long time to find out where that knock was.

A woman writer says she can make an electric switch out of a hairpin. That's nothing. Almost any woman can make a divorce case out of a hairpin found in her husband's pocket.

Next Tuesday, February 8th, is Shrove Tuesday, known as Pancake Day. You know what will befall you if you fail to have pancakes on that day. It is the commencement of Lent.

On account of the very disagreeable weather last Friday night the Box Party has been postponed, and will now be held Friday night, February 4th, at the White Hill School House. Don't fail to attend. As the cause for which it is given is a good one.

Few men who have unwittingly imbibed generously of wood alcohol are in a position afterward to argue convincingly on the beneficent results of Prohibition.

A woman says she has nothing to wear, and then she goes out and proves it, b'gosh.

If a man will work twelve hours a day and save his money, eventually he will get to the point where he can work three hours a day and spent his money.

Messrs. Walter B. Graham, J. D. Blue and Neill McKeithen, laid all business cares aside last Monday afternoon and a gunning they did go. After tramping all over the country and nearly scaring to death three large coveys of partridges they returned to their homes late in the afternoon by the back door route with three measly, half starved to death quail. The Pilot man can beat this. He went out one afternoon last week and returned by the front door route with two chickens.

The ground hog came out of his hole on Wednesday and in looking the situation over he spied the Pilot man watching him and immediately became so infatuated that he did not return to his old hiding place. So you may look for good weather from now on, so tradition has it. Let's hope so anyhow.

Bring your job work to the Pilot office.

At the different Sunday Schools, of this town, last Sunday a good collection was taken up for the relief of the starving children in Eastern and Central Europe.

Mr. A. G. Edwards, the genial proprietor of the Electric Shoe Shop, who has a thoroughly equipped establishment, has just laid in a large stock of leather, rubber heels, tacks, thread and in fact everything that is required to repair shoes, for the purpose of supplying those who repair their shoes at home. So when in need don't fail to give him a call.

If you want all the news take the Pilot.

"THE HOME OF GOOD THINGS TO EAT"

Jackson Springs

Miss Thelma Ellis' music a recital on Saturday night at the High School building. a very efficient teacher. The admittance fee, but there was per afterward. The proceeds supper will go toward the dormitory and school building.

The snow staid with us for a week. We wonder how many farmers of their time by rerding an 1921 mark ahead, and how wives and daughters thought work, etc., that they could do at the 1921 Sand Hill Fair. It is up to us to begin planing for our next year. Moore county and Hills on the map by having a State Fair this fall. There is no as to whether we can do it. material and must take a win first prize. Don't forget their booths at the Sand Hill Fair.

Rev. R. G. Matheson was pastor of the Presbyterian Church at Candor last afternoon. Rev. Matheson, Culdee and West End Church appointments at Samaranch a month. Mr. Matheson conducted Enoree Presbytery, S. C. During time Mr. Matheson and family here they have made many their great work is looked for.

The Derby Memorial boys team journeyed to Candor and added another victory to their record. The game with Candor started the game with a had a lead of 10 points, but boys fighting spirit arose and playing as one and with the accurate passing won the game.

Roads are going to be rough. get the needed attention immediately. Gov. Morrison has his way roads as good as any city street. good road advocate we are. But will the income tax of the care of the interest of the boys are needing roads that will pensive to keep up as our proving to be.

We are wondering how farmers are in shape to try cotton to the Fertilizer Company of guano. The prices are shocking when the merchants their prices. High fertilizers that the farmer must plant other soil improving crops to tility of the soil up. If not out farms of years gone farm lands are too valuable and give them nothing in return bounteous crops harvested.

Card of Thanks

We wish to tender our thanks to our many friends for their sympathy in this our bereavement.
