

JACKSON SPRINGS

One of the largest crowds of the season was here for the dance on Saturday night. It looks like old times to see a crowded floor. A large number of towns were represented, some coming from quite a distance.

During the hot weather visitors and residents are taking advantage of the swimming pool near the spring, and the lake where we get our power for lights. At the present there are bathing suits for sale here, and the Sandhill Drug Store has a few rubber bathing caps to keep the hair dry.

The community picnic was not a complete failure on last Tuesday evening, although it was raining. Quite a number of the people brought their picnic lunch to the dormitory and all feasted together, played many games and had some special music by Miss Ella May Poole, of Raeford, and other young ladies. The picnic was to be held at the McKenzie Mineral Spring on the banks of Drowning Creek, three miles northwest of here.

The picnic in August will be held at Currie's Bridge, three miles south of here.

The Carolina Construction Co., of Hamlet, has a force of hands at work at the Samarand Manor school. Material is fast coming in for the new buildings.

Miss Thelma Ellis and young sister, of Grover, are stopping at Mrs. W. E. Blue's for a few weeks. Miss Ellis was a very efficient music teacher here last year.

Editor D. S. Poole and family, of Raeford, were here Sunday shaking hands with old friends.

Miss Ada Daugherty, who holds a position at Tarboro, is visiting relatives and friends in and around here.

E. A. Maurice, of New York City, who owns the Maurice orchards, is here for a while.

Mr. Cartland, representing the Arctic Ice Cream Company, of Greensboro, was here a few days ago and announced he was going to buy three carloads of Sandhill peaches to make peach cream.

Peaches in the Sandhill section may be wormy this year, but it is not a sign they will continue to be so, for we have always known peach trees in fertile spots that have no attention to have wormy fruit. Even if the Sandhill peaches are not so good they are very much superior to the Georgia peach, our greatest competitor. Peach packers coming from Georgia say our fruit is nicer and that this is the real peach section, for the life of the tree is longer.

West End won 3 out of 4 ball games last week. Outside of the league the fast Rockingham team met defeat 2 to 1, and the Ellerbe team 9 to 1. In the latter game Moss stole 2nd, 3rd and home before his side was retired. In the game with Biscoe, Young featured with the stick with 5 hits out of five times up in their 10 to 2 defeat.

DIED

Mr. J. P. Garner, of Vass, Route 1, died at his home Tuesday night. Mr. Garner had not been in the best of health for sometime.

He was a native of Moore county, having been reared in the Sheffield township, but moved to this community several years ago. Mr. Garner was a good citizen.

The burial took place at Johnson's Grove on Thursday.

TRUCK FOR CANNING LESS

Miss Proffit, the county home demonstration agent, says the truck for canning this year will be less than in past seasons and she urges every woman in the county to watch for all the stuff she can get to can or preserve in any way and care for it for winter. The same reports come from all over the country. The dry summer has spoiled much of the garden stuff, and the early spring frosts killed the fruit and vegetables in many of the sections where that kind of food material is made for the canneries. So Miss Proffit warns everybody to go to unusual efforts to provide for the winter, and not to depend on what cannot be forthcoming from other sources. The latter part of this season may produce something in the gardens that can be saved for winter, and some fruit may yet be available. But she thinks nothing should be allowed to get away that can be saved.

Mr. and Mrs. J. A. Thomas and family, of near Cameron, visited at the home of Mr. J. R. Thomas, Sunday afternoon.

Mrs. Isaac Thompson has returned to her home near Cameron, after spending two weeks with her son, Mr. Geo. P. Thompson.

NOTICE OF DISSOLUTION

TO WHOM IT MAY CONCERN:

Notice is hereby given that the partnership of W. B. Graham and D. A. Graham, trading and doing business at Cameron, Moore County, North Carolina, under the firm name of Carolina Millstone Company, has this day been dissolved, and that the manufacturing plant and business of said company has been conveyed to Mr. J.
