

very other line of organized but the farm, because of its lack of organization that works to the victim of other individuals. Everything the farmer has to pay for on the prices made by organizations what he sells he sells at a price of individual price. The consequence is that the sufferer in both directions if he can bring out the preliminary organization and united effort of farmers a new day will have in the rural regions of the states and with it a new day for the nation.

CAMP BRAGG REST FIRES

Announced from Camp Bragg at a broad campaign against forest fires is to be continued in the camp, the people on the outside of the camp will be helped in fighting and controlling the fire at the occasion of the fire. A road a hundred feet wide will be cut along the line of the camp, and breaks will be established to stop fires in the camp from getting out and to stop the fire from getting out. Then during the winter the camp will be burned in various places the plan being to burn one-third of the land each year that every third year the forest will be undergrowth and will be disposed of. In the danger is to be lessened the fires will be set at places when no damage will be done by young trees coming on and even a chance to develop the forest that General Bowers is to see become the best of long leaf pine in the forestry department at Camp Hill is trying to set a movement in Moore county to meet the work that is being done at Camp Bragg and it is felt that an appeal will be made to the county commission to join with state and federal governments in providing for fire supervision in Moore county. With Camp Bragg taking care of the big fires at Hoke and Cumberland counties formerly the origin of the fires it would not be such a task for intelligent men to lesson very much the damage by fires all along the edge of the county where the fires are the greatest. Cooperation is much interest in the movement of this sort, and watch the affairs in the advantage.

Recently got \$1,500 out of a woman's shoe. She must be saving up to buy a new pair. A Sanford woman robbed of \$1,200 that she was carrying in her stocking. Wonder if she will get a new pair of hose? A lot of men who haven't figures have a pretty good idea.

Practice makes perfect. That's why we advise Vass men to be careful what they promise to do. Mr. and Mrs. O. B. Cameron, Mr. and Mrs. Bruce Cameron, of Durham, visited relatives in and around Vass last week. Mr. D. B. Cameron is a brother of Messrs. W. J. and A. Cameron.

PERSONALS AND BRIEFS

Mr. W. J. McKay, of Cameron Route 3, was in town Tuesday.

Many a Vass man who doesn't profess to love art admires the pictures on our federal bank notes.

Miss Vera McLean, of Cameron, was in Vass one day this week.

It's alright to junk our ships, but if we could junk our hardships it would be a lot better.

Mr. Geo. R. Ross, of Jackson Springs, was in Vass Tuesday.

It has about gotten so in Russia that paper is worth something until they print it into money.

Miss Clyde Fisher, of St. Pauls, was the week-end guest of Miss Margaret Keith.

The good-looking Vass girl who can also cook never needs to worry about her future.

Miss Ethel Coats has returned to resume her work as music teacher in the school here.

Every man is wise enough to know that a chicken on the table is worth two on the theatrical stage.

Mr. Gordon Thomas has arrived from Raleigh, and has accepted a position with McKeithen & Company.

Some men are born poor—and others keep on fooling with the fake stock promoters.

Mr. and Mrs. C. C. Yates, of Carthage, visited at the home of Mr. F. W. Taylor Tuesday.

Many a woman mistakes audacity in a man for bravery. And many a time she is right.

Mr. and Mrs. E. V. Graves and children, Ellen and James, left, Saturday, for Ottawa, Kans. Mr. Graves is a member of the Community Service, Incorporated.

Lots of people are too conscientious to lie, and yet in some way or another they manage to suppress the truth.

Don't forget to attend the moving picture entertainment at the school building next Tuesday evening at 7:15.

After all, the meanest man is the one who withholds from his wife the praise he knows is due her.

Mr. Geo. W. Baker, of The Pilot force, is again able to be out after being confined to his room for more than a week.

It is a relief to know Ireland is now facing a civil war. She has had so many wars that haven't been civil.

Messrs. D. A. McLaughlin and Stacy Brewer were in Carthage Monday.

If mother Eve had been as wise as some of her daughters what a fool she would have made of that snake.

Messrs. W. M. Harding and A. E. Atherton, of New Rochelle, N. Y., are spending a while with Mr. Henry A. Matthews on a hunting trip. Although the weather has not been particularly pleasant they have not given up the search for quail. Messrs. Atherton and Harding are very pleasantly remembered by the people of Vass as they were here with Mr. Matthews last January.

Practice makes perfect. That's why we advise Vass men to be careful what they promise to do.

Mr. and Mrs. O. B. Cameron, Mr. and Mrs. Bruce Cameron, of Durham, visited relatives in and around Vass last week. Mr. D. B. Cameron is a brother of Messrs. W. J. and A. Cameron.

Many a man has found out that

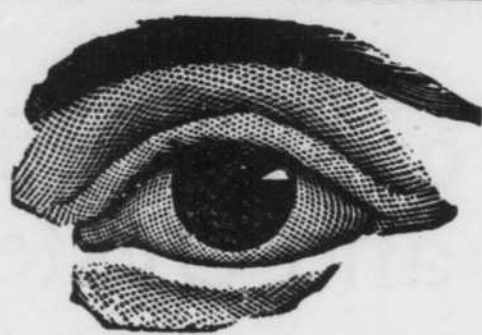

when they called it the "easy" payment plan they used the wrong adjective.

THE NEW ROAD PROSPECT

It seems pretty evident that the highway will be built down under the railroad for a recent decision of the federal government is that no more grade crossing roads are to be built by federal aid. That would indicate that either an overhead bridge or an underpass is to be the solution of the road past Vass, and as the underpass is the most direct and least disturbing to property lines in the vil-

IT HAS BEEN SHOWN

That you might as well try to run a saw mill without legs as to try to farm without fertilizer.

Experiment of all kinds has proven that the more fertilizer the more crop and the more profit on the crop. That leaves but one question,

WHAT FERTILIZER TO USE

The experience of the Sandhill farmers and orchard men in 1921 settles that question.

The Fertilizer that Made the Crops that Made the Records was

BLUE FACTORY PRODUCTS

There is no mystery about this fact. Fertilizer

Made Right Here at Home

by men who are farming on the soils of this section, familiar with soil and climate and crop, have no guess work about them. That is why the farms of this section made big crops and got big results.

Now when the farm work is light is the time to be getting your fertilizer in. You can get it directly from the factory, or from the local dealers, and it is ready any time in any quantity, big or little. Drive in to the factory with truck or wagon any day, or order out a car load. But always arrange for the BLUE FERTILIZER,

The Kind that Makes the Crops that Make the Records.

THE BLUE FERTILIZER COMPANY

ABERDEEN, NORTH CAROLINA
