Misses Ila and Lula Evans spent Saturday night with Misses Sallie Thompson and Evelyn Thomas on Cameron route 1.

Rev. M. D. McNeill filled his regular appointment at the Presbyterian church last Sunday morning. He was accompanied by Mrs. McNeill.

Mr. W. D. Smith, Mesdames R. L. Oldham and D. C. McGill attended the funeral of Miss Mary Ann McNeill at Cypress, Monday.

Misses Agnes Smith and Annie McGill called on Miss Vivian Matthews at the Carolina Central Hospital last Friday afternoon.

Mr. G. H. Russell, candidate for the Democratic nomination for solicitor of the 13th judicial district, was in Vass Wednesday.

The boys' basket ball team went to Jonesboro last Friday afternoon for a game with the school team there but had to play the town team and was defeated.

There will be a call meeting of the Vass Community Club tonight (Friday) at 7:30. The question of joining in with other communities for employing a recreational director will be discussed.

On Tuesday afternoon Mr. Peyton, general superintendent of this division of the S. A. L. railway met with the mayor of the town, Mr. W. D. Matthews, and the beautifying committee of the Vass Community Club for a discussion on the subject of planting trees, shrubs, vines and flowers along the right of way and around the station. The move contemplated by the committee was very satisfactorily received by Mr. Peyton and the committee, which is composed of Mesdames J. R. Thomas, C. J. Temple, and H. A. Borst, decided to look into the matter further and see just what is to be done before work is started.

This plan will be a great help to the appearance of the town, but your help and co-operation is needed.

"FROM TREE TO TRADE"

"From Tree to Trade," the picture which the Pinehurst Lumber Yards of Pinehurst is having Miss McQueen show in this county was shown here Tuesday night. This picture shows every detail of the manufacture of lumber from the time the tree is cut in the forest, hauled to the mill, sawed into lumber, dressed and further prepared for trade. Although this may seem very real and commonplace to some who have seen this process, we must remember that many people old and young, even in this community, have never had a chance to see any of this done in reality and should appreciate the opportunity of viewing such a natural picture.

The citizen who can tell how all the organizations in town should be run usually declines to serve on any committee if asked to take hold and help.

Maybe it was the price of meat and not fear of cold weather that caused the ground hog to hustle back into his hole.

From the long drawn out strike in the Chicago packing houses we are inclined to believe that the strikers are not bringing home the bacon.

Probably ninety per cent of the men who are trying to reform the world would be better citizens if they'd go to work.

Get into Action WITH YOUR

FERTILIZER

We are entering the closing days of February; spring plowing is almost at hand. When it comes time to plow you don't want on your hands the job of getting out your fertilizer—attend to that NOW! You realize that the fertilizer to buy is that made by

THE BLUE FERTILIZER COMPANY

and the reason is that it last year made the crops that made the records in this section.

Blue Fertilizer is not a hit and miss mixture for every soil. It is made for this Central North Carolina soil and climate by men who know what is needed and how to produce it.

Realizing that your only concern is to get the goods out to your farm right now, have your stuff there when you need it and when your other work will be taking your time.

Place your order now or drive into the factory and take out your load. Don't let necessity drive you when your hands are full.

THE BLUE FERTILIZER

The kind this section needs, and the kind that gets results.
