STAND BACK AND GIVE US AIR

Lakeview, Aug. 7-22

Gents
I was amazed to have called to my attention an article in the Greensboro Daily News headed

"Stand back and give us air" which was followed by an article about how "two carloads of nearly naked woman drove in to town Monday morning with a scant something around the middle on their naked thighs. The men tried to strike matches on the naked thighs of the women the hot ashes dropped on one of the woman who leaped from the car and deported her charms to the Cameron bystanders who had assembled to see the free show of womans nakedness. When Cameron has a woman chief of police armed with paddles, then let the naked bathers beware, they will be duly paddled. They probably thought they looked like water Sprites or Mermaids."

They were here perhaps from Sweetheart Lake, Lakeview & C&C

This article is a direct slur on the lady bathers of Sweetheart Lake and Lakeview, My friend Mr. Harrington who runs Lake View is one of the cleanest most broadminded men in this section, Has an officer stationed at Lake View night & day at his own cost & is trying to make Lake View one of the cleanest & most moral beaches in North Carolina.

Regarding Sweetheart Lake which I own as well as being the fourth largest owner of Real Estate in this Section being only exceeded by the Tufts Knollwood Companies, Boyd Estate & the Lake View holdings of John McQueen. This Fall we expect to make extensive improvements around & in the Lake which will make it one of the most attractive places in this part of the country.

On the Monday referred to in this article there were no lady bathers who came to my Lake except those who use my bathing suits so it was absolutely impossible that these wild "naked woman" could have come from Sweetheart Lake. I use the latest one piece (Short Skirt) bathing suits that are used in the most fashionable bathing resorts of the country.

As to whether lady bathers should or should not wear bathing suits that display their limbs, I being a mere man would not presume to express an expert opinion in this matter but I will say that the morals of the Mothers & the daughters who have visited Sweetheart Lake are above reproach and I resent any insinuation to the contrary.

Yours truly
EDWARD D DUNLOP

In conclusion would say unless this letter is published in its entirety in your next issue I intend to notify my attorney Mr Sewall to bring an action against your paper for libel. If published send me with bill ten copies of the paper containing this article & am

Yours truly
EDWARD D. DUNLOP

PINEHURST FIRST

The Pinehurst post office occupies first place among all second class post offices of the Fifth Federal Reserve District in the per capita sales of Treasury Savings Certificates during the first six months of 1922, having disposed of \$4,050 of these securities, or a per capita of \$32.40 to the citizens of this community.

Congressman W. C. Hammer of Asheboro, was in Vass Saturday.

HAMMER MAKING GOOD

The Farmers National Magazine states it has had careful track kept upon the mark votes and record of members of the Sixty-Seventh Congress so that it is possible for us to know those upon whom may be looked to as the real friends of agriculture.

Summing up Mr. Hammer's record they have this to say: "Equipped with a comprehensive knowledge of agriculture, Congressman Hammer, of North Carolina, took his seat for the first time when Congress was called in extraordinary session in the spring of last year. Mr. Hammer has taken a keen interest in all that concerns the farmer and has shown ability for constructive work and achievement, having consistently supported all measures calculated to assist the farmer in his efforts to obtain a reward for his toil to some extent at least, commensurate with his services. He stood firmly against a policy of enforced deflation and is ready at all times to aid in any sound plan which would give the farmer the credit necessary to enable them orderly market for their products. For a new Congressman, Mr. Hammer has made a very deep impression on official Washington."

TO THE TOBACCO FARMERS

Allow me to call your attention to the vital importance of filling out the postal card sent you with your membership certificate. If you have not received your card write or call on me and I will be glad to furnish you with a card and also any information you may want.

In selecting your market you will want to go with the most farmers and where the expense, freight and transportation will be less, therefore let me ask you to name VASS your market, the only one hundred percent co-operative market in this section. Vass Warehouse is one of the best equipped warehouses in this section, located on the main line where your tobacco can be shipped at most any hour without the cost of drayage, extra freight and labor, therefore saving the farmer money on each laod of tobacco brought to Vass.

Sign your card, then when the market opens follow the crowd to the one hundred percent co-operative market.

The Vass people are behind the co-operative marketing plan. The Bank of Vass will give the farmers any needed assistance and is able to take care of all the farmers of this tobacco section.

We only have one system, the co-operative marketing plan and one price to all. Sign your postal card and name Vass your market then you will be with the crowd.

GUY H. SIMPSON,
Manager of Vass Market.

GREAT IMPROVEMENT

Hawriver, N. C., Aug. 1, 1922
Mr. M. W. Wall,
Carthage, N. C.

Dear Wall:
I want to assure you that our party enjoyed the trip while in Moore. The trip was interesting and very instructive. It has put the demonstration work in closer touch with the people and I want to thank you for your part in making our trip worth while.

Moore county has improved much since I saw it five years ago. Am satisfied that farming looked more like a big industry there than in any place we visited in eastern Carolina.

Truly,
W. KERR SCOTT,
County Agent.

JACKSON SPRINGS

The County Agents of the Central district of North Carolina will arrive here on August 21st for a three day session. The morning hours will be devoted to business and in the afternoon trips will be made over the county.

Unless there are some changes in the program the county agents with others will go out from here on the 22nd to Eagle Springs at 2:30 p.m. and at 3:30 p.m. they will go to Samarcand Manor school and will return here for the dance and music in the evening. On the 23rd they will go to the Sandhill Farm Life school, county home, Carthage, Cameron, and on to Vass for supper and a meeting of their live community club and return by way of Lakeview for recreation, on the afternoon of the 24th they will go to Pinehurst, Southern Pines, and Aberdeen. At Pinehurst the place of the Berkshire Hog Congress and the largest Ayrshire dairy herd in the South, they will visit the piggery, dairy and all other important places. They will return here for a picnic and lunch on the school grounds. And afterwards there will be games and a meeting of our community club. While here the agents and specialists will be guests at the Jackson Springs hotel.

All those attending summer schools for teachers have returned home, and nearly all have schools.

On Sunday August 13, at 8 p.m. Rev. Yosip Benyomin, a Presbyterian who is unable to do any missionary work in Persia, his native country on account of existing conditions will preach here. A large crowd is expected out to hear him.

W. E. Graham, who has been in the eastern part of the state for several weeks is at home and can boost the Sandhills after traveling through some of the best farming sections of North Carolina. No other sections can grow a greater variety of crops than the Sandhills and with such wonderful success on poor sandy land.

Rev. R. G. Matheson has returned from Orange county where he conducted a revival at Little River Presbyterian church.

Mrs. J. W. Smith and children of Red Springs are visiting near here. Mrs. Smith has not weighed in several months, but at that time she tipped the scales at 330 pounds.

Editor D. S. Poole of the Hoke Co. Journal at Raeford is spending a few days with relatives here.

W. F. McMaster who bought a small farm southwest of here about three years ago was arrested Friday and placed under \$500.00 bond for his appearance at criminal court in August on the charge of making whiskey. A true bill was found against McMaster by the grand jury at the last term of criminal court.

Several from here attended the reunion of the descendants of Duncan Currie, a Scotch immigrant who settled in Richmond county. The reunion was held on Wednesday at the home of the late J. A. Currie near Luarel Hill in Scotland county. More than 200 relatives were present.

Sim Sercy attended the Farmers Convention at State College last week.

Miss Mamie Smith, who is taking nurses training at St. Peters Hospital at Charlotte is at home on a vacation.

Mr. E. J. Woodley has returned from a business trip to Lynchburg, Virginia.
