ATHLETICS AT PINEHURST SCHOOL

The basket ball season was opened here last Friday with a very fast game between the high school teams of Carthage and Pinehurst. A large crowd was present to see the Pinehurst boys down the team from Carthage by a score of fourteen to twelve. The fact that the Pinehurst team is a new one, never having played together until last Friday, speaks well for the coaching of Mr. B. B. Littlejohn, who has been engaged as assistant to Prof. Cason and who will be the athletic director of the school.

Altho outweighed in practically every position, the Pinehurst quint held their own at every stage of the game. A very amusing feature of the game was the manner in which the McCaskill twins baffled their opponents. So closely resembling each other that often times their own play mates mistake Frank for Hubert, and visa versa, their opponents were unable to keep track of them and several times during the game two Carthage players were devoting their attention to one of the twins, leaving the other one free to wreck their chances of winning. Prof. Cason states that considerable attention is to be devoted to athletics in the Pinehurst school from now on. He was highly elated with the splendid spirit and gameness exhibited by his boys last Friday.

The Pinehurst team is made up of Horace Kelly, Melvin McCaskill, Leighton Fry, and the McCaskill twins, Frank and Hubert. High school teams desiring games with this team will please direct their inquiries to Prof. J. F. Cason or Mr. B. B. Littlejohn.

WHY PUT IT OFF

There can't be much more pretty weather of the summer brand in store for us. Inclement days are just around the corner, and will be on us before we know it. Then what excuse has any citizen for putting off for another day the repair of sidewalks, fence or house? He has promised himself all summer he would look after it before fall arrived. But in most cases it hasn't been done. For your own comfort you should see that the house is in repair, and for the comfort and safety of your neighbors it is your duty to see that the sidewalks in front of your premises is as good as it is possible to make it. Stumbling along over rough, wornout sidewalks doesn't sweeten the disposition of anyone to the point where they compliment you for not making repairs. On the other hand we sometimes think that if the man who permits his walk to go unrepaired could hear some of the remarks of those forced to walk over it he would get busy and fix it without a

moment's delay. But regardless of what may be said, you should have pride enough, as a good citizen of a good town, to make improvements in front of your place before bad weather sets in. And that isn't a long way off.

SAFETY AND CONVENIENCE

Do you know that nine-tenths of the business of the United States is done by some form of check? This convenient condition is possible because the banking system of this country has been placed on such a SAFE BASIS that corporations and individuals have faith in it. The welfare of the banks depends in a large measure upon maintaining this CONFIDENCE.

A CHECKING ACCOUNT

with this bank is an absolutely safe proposition. Your money is SAFER than it is in your own pocket, and your check is as good as your money in any business transaction. We shall be pleased to have you open a checking account with us. You will find your account to be a means to safety and convenience.
