With apologies to Mother Goose: Teapot, teapot, Jump into the washpot.

The month of February belongs to the ground hog and St. Valentine. On

STATE OF NORTH CAROLINA, Department of State. CERTIFICATE OF DISSOLUTION To All to Whom These Presents May Come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Aberdeen Motor Car Company, a corporation of this State, whose principal office is situated in the city of Aberdeen, County of Moore, State of North Carolina (George D. Martin being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 22, Consolidated Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, Therefore, I, W. N. Everett, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 14th day of January, 1924, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have here-to set my hand and affixed by official seal at Raleigh, this 14th day of January, A. D. 1924.

W. N. EVERETT, Secretary of State.

the 2nd of February the ground hog emerges from his hole for the first time since the beginning of winter. If he sees his shadow he goes back, for there will be six more weeks of winter. Well, he saw his shadow good and big, Saturday, for it was a beautiful day from early morning till close of day. So the ground hog returned to his hole, replenished his wood pile, lit his pipe and enjoyed a smoke before beginning his snooze of six more weeks.

The 14th day of February is a day sacred to St. Valentine, and attended to by Shakspeare, that on this day the birds begin to couple; and perhaps from this arose the pretty custom of sending letters containing professions of love and affection.

W. M. Wooten reports eating a ground hog at breakfast, Monday morning. It may have been a ground hog. It may have been a ground horse.

Parker Cameron on route 3, is authority on ground hogs. He has seen 'em—lots of 'em. Ask him.

Cameron High School Notes

The ninth grade has finished one of their subjects. Instead of taking up a new subject, they have two periods a day for English. We use one period a week for debating. The debates are going to prove very interesting. We are expecting to enroll a new student in the Senior Class this week, Miss Lennie Baxley, formerly from Philadelphia high school.

Misses Ethel Phillips, Edna Hancock, Ethel Boaz, were absent from school, Friday.

The large boys and girls team of this school played Carthage January 31. The scores were 51-20 in favor of Carthage boys, and 15-8 in favor of Carthage girls.

The large boys and small girls team at Carthage are coming to Cameron to play, February 5th.

For Ever Lasting Economy

The Needed Touch of Elegance

How delightful it is to enter a cozy room whose polished Oak Floors seems to welcome you with its lustrous finish and soft reflections.

An Oak Floor lifts a room above the common place as no amount of costly furnishings can ever do.

Easily and quickly cleaned, more sanitary than the dusty, unwieldy tacked carpet. Oak is truly the flooring demanded by modern ideals of living.

It may be news to you that you can have dustless, shining Oak Floors for less than the cost of ordinary flooring plus carpets. But we have the figures to prove it.

And you can lay a new Oak Floor over your old floor at small cost. We have a special grade of light (3-8 inch) Oak Flooring milled for just this purpose.

Come in and talk it over, or, if you prefer, write or telephone for our free booklets which give you detailed information about Oak Flooring and its uses.
