To the young men of the Lakeview Rackett Club:—The tennis court has not been finished, and every way and every day it is growing softer. A hint to the wise is sufficient.

What could be sweeter on a summer evening than to go through a meadow or swamp after the sun has gone down and to smell all the sweet odors of the hay, Poplar blossoms and swamp flowers? For a fine example of this just walk or drive slowly through the river swamp by either the new or the old road. It is a great pleasure that few appreciate.

Mr. Will McNeill attended the Good Roads Convention at Greensboro last Tuesday.

Last Thursday at noon a runaway horse, belonging to John Griffin (col.) ran into a coving car and broke its left front leg. It was a horrible accident, and the horse had to be shot. It was a beautiful animal and it did soften the hearts of the onlookers to see the poor thing suffer pain unspeakable. We, the younger generation, have not the privilege of knowing and loving horses. But to me the

horse and the dog is next to human beings, and in my opinion they should not be neglected, for "neglect is cruelty."
