GIANNINI RETURNS TO PINEHURST THEATRE

(Helen K. Butler)

Dusolina Giannini, the young Italian, will sing at the Carolina Theatre, Friday night, January 9. This new sensational soprano entertained a large number of people last winter when she made her first appearance in Pinehurst. And it should be a larger audience that avail themselves of this unusual opportunity. In over forty appearances from the western states to as far south as New Orleans she has been approved a star of the highest rank. Her triumphs in New York City brought great tributes of success. The press comments from abroad where she sang for critical audiences were words of highest praise. In London she was received as a new Patti.

When a singer of this magnitude comes to Moore county, it means the finest musical program that has probably ever been witnessed here. And it also means that if we care to share in such a rare treat we must stand by the Carolina Theatre and Charlie Picquet. Affairs of this kind can not be brought here many times and leave a deficit on the hands of the theatre. But if the people show an interest in musical attractions and turn out in numbers enough to warrant the amount entailed Charlie Picquet will do all in his power to see that they are put before the people of the county. The Pinehurst Theatre does not offer these attractions to the county

as a money making scheme. It merely hopes to have enough of seats taken to help defray the expenses and give in return something absolutely worth while and of a strictly first class order. To go in the hole many times will make it impossible for further attempts.

If you have not heard Giannini and care for music far above the ordinary possible to hear in our county, take advantage of an opportunity that surely bears repeating.
