

**NIAGARA**

"This is a season of gladness'  
The mocking birds seem to sing,  
You can find no note of sadness  
In the carols of springtime they bring."

Mr. G. B. Motley of Blaney, S. C., is a recent arrival here and will be second trick operator at Fleet.

Misses Evelyn Rhodes and Alice Lewis, two of Niagara's popular young ladies spent Friday with Misses Mabel and Alice Smith.

Mr. J. A. Yow, who has been here for some time, left Thursday for Lilesville, where he has bid in first trick operator.

Misses Mabel and Alice Smith, with Mr. Gene Smith of Aberdeen, were callers in Red Springs Wednesday night.

Mr. Ed. Hill and wife, also Messrs. George Williams and James Clark of Plymouth, Mass., are guests of Mrs. Gay and daughter for a few days.

Mr. J. B. Wright of Norfolk, Va., arrived here Thursday and will continue the work of Mr. Yow, with the S. A. L.

Mrs. R. A. Smith is improving nicely, after being confined to her bed for some time with rheumatism.

Mr. Raymond F. Smith of Red Springs, who has been here for some time, left Thursday morning for Columbia, S. C., where he is to continue his work as operator. Mr. Smith is a very fascinating young man and has won a host of friends in and out of Niagara. We regret having him taken out of our midst. However, we wish him much success in his future destination.

The C. C. W. Society met Friday afternoon at the home of Mrs. Rhodes. The ladies of our town are doing some earnest and heart-giving service these days and we wish them much success in their undertaking.

Everybody seems to be rejoicing over the fact that Lakeview has decided to remodel ladies bathing suits. It is certainly something to rejoice over too; one of the greatest events in "Lakeview History." However, I agree with the Lakeview correspondent that—the ment should be treated likewise.

Mr. C. W. Marston and W. R. Wilson are expected to arrive from Sarasota, Florida, here this week. They have spent the winter in the growing city of Sarasota, Fla. We conclude they have not spent all their time in sporting in that fair land for they have built a five room up to date cottage garage, and motor boat near Phillips river, on land purchased before the great advance in value. Sarasota is claimed to be the fastest growing city of its size in the United States at the present time.

The association unanimously voted to set aside Friday of this week as shrubbery day at the school. All patrons were asked to come to the school building on Friday, and to bring the teams, plants and etc. The ladies of the association announced that they would furnish lunch for the workers.

The book-shower given by the Association recently was a distinct success. About three hundred and fifty books were contributed, and more than twenty dollars in money.
