What's Your NET Income?

Better a salary of \$10 a week with \$2 saved out of it than \$50 with expenditures of \$55.

The difference between success and failure is just that.

It measures the contrast between living on a part of last month's income and spending next month's before you get it.

You can make ten thousand resolutions to cut expenses and save, but you won't until you get an incentive stronger than the things you have been frittering money away on.

That powerful incentive is a Savings Account.

Start one, not next week, but NOW, at—
