 PASTOR JEFFERSON CHARGE

 Jefferson, N. C., March 1st, 1927.

Mr. T. T. Cole,
 New York City.

Dear Sir:

I had been a sufferer for more than fifteen years with stomach trouble. I had been thoroughly examined by X-ray and Chemical analysis of the stomach.

The doctor found free blood and ulcers. I could not eat any kind of meat, without large ulcers coming on my tongue, lips and mouth. I almost suffered death at times with ulcers and severe headache. I had to continually take some kind of a laxative, following the laxative a rash or eczema would break out over my body. I had tried about five doctors and would only receive temporary relief.

I feel that I was providentially sent to Ashe County by the Western N. C. Conference. I learned through friends of the Shatley Radium Springs and began to drink and bathe in the water. I have not had to take a laxative more than two or three times in a year, and now even eat any kind of meats without evil effects. I scarcely ever feel any effects of my former trouble.

I weighed 184 pounds when I came here and now weigh 216, and feel fine. I have no doubt but that the Shatley Radium water is the greatest in America.

(Signed) J. L. REYNOLDS.

COPY OF TELEGRAM SENT FEBRUARY 18TH, TO THE NEW YORK EVENING POST New York City

By DOCTOR R. E. REEVES

Your wire to Dr. Colvard referred to me.

The Radium Springs in Ashe County, North Carolina, are in the midst of the Blue Ridge Mountains, which is the most favored spot in the whole country for a resort, both for pleasure and health, and when once thoroughly developed should prove a mecca for those who are seeking health as well as pleasure.

This water has long enjoyed the reputation of having superior medical properties and many remarkable cures have been attributed to its use.

It seems to have a selective affinity for dermal affections. Many obstinate and seemingly incurable skin troubles have yielded to its use and many that the greatest dermatological specialists in the country had failed to cure.

All forms of eczema seem to be readily affected by using this water. Rheumatism and gastro intestinal disorders are benefitted and many times cured. The high points of Radium the water is said to contain should make this an invaluable part of the treatment of cancer and cancerous conditions.

Radium now takes the lead in the treatment of most all forms of cancerous conditions and the high radium output from the Spring should make it the ideal spot for the sufferer from this terrible malady.

Many stomach diseases such as Gastric Catarrh and Gastric Ulcer, have seemingly been cured at these springs.

Hundreds of people from all sections of the country attest to the virtues of the great healing properties of the water.

Thousands of people visit the Springs annually and hundreds go away feeling that they have found the fountain of youth and health.
