

CARTHAGE

Carthage Woman's Club Meets.
The monthly club meeting was held in the club room Friday, November 25th, instead of Thursday, owing to the fact that Thursday was Thanksgiving. The meeting was very interesting, and there was much discussion about the home talent chautauqua that is to be given by the club this winter. Mr. Welch has also promised the club another picture in the very near future. The club is planning to enlarge the community library which will be greatly appreciated by every one, for there is a great need of more books.

It's Interesting
The Way that Gum Flooring Goes

THE PINEHURST LUMBER YARDS
Pinehurst, N. C.

Have just unloaded another car of Gum Flooring, and the demand for it seems to increase with every car that comes in.

The truth about Gum Flooring is that when the man who found out how to make flooring of gum wood he found about the best thing in the world to make flooring from. Gum is as tough as a Bowery citizen, and it will not split nor wear nor in any other way fool you, and there is nothing else under the sun in the same class.

Folks used to think the gum tree was a mistake of Creation. But since they found out what it was made for, which is flooring, gum has found its place.

Another car just unloaded.
