TODAY  
PONTIAC  
ANNOUNCES

**A BIGGER**  
**SMOOTHER, FASTER STRAIGHT 8**  
*featuring* **KNEE-ACTION WHEELS**  
and BENDIX BRAKES • K-Y FRAME • LARGER, FINER FISHER BODIES  
LONGER WHEELBASE (117-INCH) • STARTERATOR • GAS-ELECTOR • CROSS-FLOW RADIATOR • FISHER  
NO DRAFT VENTILATION

GET A STRAIGHT EIGHT  
FOR YOUR MONEY!

CCT A STRAIGHT 8

*because*

1 You can get a big, roomy Pontiac Straight Eight at a price that is very little more than that of the very cheapest cars. The smart, new Fisher bodies are finer and more spacious. The improved Straight Eight engine gives you greater power and greater speed—full 84 horsepower and a top speed of 82 actual miles an hour!

2 Here is a car that gives you the inherent smoothness, the flexibility and the luxury of Straight Eight transportation at a price that compares favorably with the prices of many cars with less to offer in cylinders, performance and size. The new Pontiac, remember, is definitely in the low-price field!

3 Last year's famous Pontiac was known as the **Economoy** Straight Eight because its fuel costs were well in line with those of sixes. Today's Pontiac, thanks to further refinements in its Straight Eight engine, gives you more miles to the gallon by a good 10 per cent. Bigger, faster, more powerful car with remarkable economy!

4 The trend today is toward Straight Eights. The Pontiac Straight Eight for 1934 will depreciate more slowly, and all evidence indicates a higher resale value "at the end of the road," just because it is a Straight Eight. Another important reason why this great, new Pontiac is such a wise investment!

5 If your present car will make the down payment on a car of cheaper make, it will probably also make the down payment on a big, new Pontiac. Your monthly payments, in any case, will be but a very few dollars more. Why wait? See and drive the big, new Pontiac today. Get a Straight Eight for your money!
