**MOORE MOTOR TAKES PART IN BIG USED CAR SALE**

During September the Moore Motor Company of Aberdeen, local Ford dealers, will take part in the Ford Dealers' Nation-wide Used Car Clearance Sale, Mr. R. C. Zimmerman, manager, announced. All Ford dealers in the United States will join in the special used car activity.

The entire stock of used cars and trucks on hand, including many "R & G" cars, will be offered in this sale. Mr. Zimmerman said. The "R & G" insignia, standing for renewed and Guaranteed, is placed on used cars which meet strict specifications as to condition and are backed by a written money-back guarantee.

Preparations for the sale by the Moore Motor Company have included renovation and decoration of the used car lot on South Street, as well as a thorough check-up and classification of all cars in stock.

"The 'R & G' plan now being used nationally by Ford dealers offers the public a reliable guide to used car values," Mr. Zimmerman explained. "Cars and trucks carrying the 'R & G' label are those which are fully guaranteed under the money-back plan. Cars which cannot economically be placed in this class are offered in other classifications and are priced accordingly.

"The September clearance sale will include cars of all classifications and all makes and models. Throughout the country, over 100,000 used cars and trucks will be offered in this sale."
