

County Provides Funds For School Equipment

Makes \$4,620 Available for Agriculture and Home Economics Courses

Of especial interest to patrons of the several schools concerned will be the action of the County Commissioners at their regular meeting Monday in ordering the transfer of \$4,620 from the current expense allotment for vocational education to the capital outlay instructional apparatus and equipment fund to be apportioned as follows: Hemp, \$800; Vass-Lakeview \$800; Eureka, \$500; Aberdeen, \$1,000; West End, \$900; Carthage, \$620.

Some of these schools, on account of lack of equipment, were unable this year to add an agriculture department or a home economics department, and this order will make it possible for them to procure equipment during this year and be ready to make these important branches of study available at the 1938 fall term.

The Board voted to recommend that the State take over for maintenance the following roads: One leading from Cameron-Raeferd Road at John Johnson place going westward to the county highway near the Tom Medlin place, a distance of three-fourths of a mile. This road is used for a mail route and should be used as a school bus route, it is said.

The road leading from Clay Purvis' to Beulah Church, this being a school bus route and church road. The improvement of this road would mean a saving of three miles travel each day for school buses, the petitioners set forth.

A stretch beginning at a point on the old Plank Road, going by the places of Gilbert McDonald, J. Smith, Gaddy and others to Cameron-Spout Springs road near Herbert Page's. This road is in Greenwood township and extends about one and one-half miles.

About three-fourths mile in Ritter's township beginning at Charlie Phillips' place on the Glendon-Putnam road and running to the Herbert Maness place.

Other actions of the Board included the following: Vance Armstrong was allowed \$6 per month for taking care of Rufus Armstrong; Sandy Lee Benson was accepted at the County Home for a prison term of four months; Mary McNeill was allowed \$3 per month; Beer license was granted to Pender's Store No. 189 in Southern Pines.

Present at the meeting were Chairman Wilbur H. Currie, T. Frank Cameron, D. D. McCrimmon and Gordon Cameron.

PETTY THIEVING PREVALENT; TOBACCO, LIVESTOCK STOLEN

Quite a bit of thievery has been taking place in the county during the past few days and officers are working hard to apprehend the guilty parties.

Last week 750 pounds of tobacco was stolen from a Mr. Wood who lives near Old Union Church. Mr. Wood went out one morning to load the tobacco, which had been graded, to haul it to market, and not a leaf of the lot was there.

A cow belonging to Mrs. Laura Rogers of near Cameron was missing a few days ago and a search through the countryside proved fruitless. It is believed that the cow was hauled away by truck, and officers made a trip to Greensboro Tuesday to follow up a clue.

J. M. Tyson of Vass had around 20 chickens stolen from his poultry house last Friday night, and it has been unofficially reported that Mrs. Mack Cameron's cow was stolen recently from her farm out from Cameron.

THE QUESTION IS:
DO SMOKERS APPRECIATE CAMEL'S COSTLIER TOBACCOS?

THE BEST ANSWER IS:
CAMELS ARE THE LARGEST-SELLING CIGARETTE IN AMERICA!

IS it good business to spend millions more for costlier tobaccos? Well, the fact that Camels are the largest-selling cigarette shows that men and women do find something choice—something different—in Camels. Camels are a matchless blend of finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic.
