

### Lambeth Counsels Calm and Patient Diplomacy

#### Momentous Decisions To Be Reached in Coming Weeks, He Says on Return from Europe

The international situation in Europe is so tense "that we must all work for peace and seek every practical means to prevent war," Representative J. Walter Lambeth of this North Carolina district declared in a statement on his return last week from Europe, where he has spent three months. He was sent, as a member of the House committee on foreign affairs, to assist in dedication of war memorials in France, Belgium, and England, and while abroad also visited Spain, Switzerland, Austria, Hungary, Czechoslovakia, Holland, Germany, Poland, and Russia. Continuing, Mr. Lambeth said:

"It is not a time for fiery and emotional speeches, rattling of swords, rash and sweeping commitments, or provocative words and incidents.

It is the time for tolerant understanding of the problems and difficulties of other nations, calm thinking, skillful and patient diplomacy, followed by resolute action, and, above all, the will to keep the peace if by any honorable means the peace can be kept.

"Momentous decisions must be reached in the coming weeks. Upon their issue, in my judgment, the peace of the world, including our own peace for a generation, may well depend.

"For America the lesson of recent events is that strength is the only safe-guard when covenants and treaties are being so lightly disregarded. Our army and navy must be adequate, not for aggression, but for true national defense. We cannot rely always upon our geographical position because oceans are rapidly shrinking. Not least in importance we must strengthen our foreign service, which is, after, all our first line of defense."

The Missionary Society of the Church of Wide Fellowship, will meet at the New England House as guests of Mrs. J. F. Morris on Wednesday afternoon, November 17th, at 3:30 o'clock. Subject, "The Mystery and Fascination of the Moslem World." All women are invited.
