

Cameron and Community

A full house greeted the splendid program, sponsored by the Woman's Club last Friday evening. The program opened with several choice choruses by the school glee club, directed by Mrs. Ray Thornton and M. P. Snipes; these were followed by selections by the school string band, directed by O. B. Pullen. Mrs. W. G. Parker, president of the Woman's Club, announced that Prof. Lowry would introduce the speaker of the evening, the inimitable Carl Goerch of Raleigh. Mr. Goerch exceeded even the great expectation of his audience, as he told of the many unusual and interesting things of our great state, interspersing his talk with humor and pathetic incidents, causing both laughter and tears. Mr. Goerch made a deep and lasting impression upon young and old.

Circle No. 1 of the Presbyterian Woman's Auxiliary met on Wednesday afternoon of last week, with Mrs. H. P. and Miss Manda McPherson, with 14 present. Mrs. J. M. Guthrie, chairman presided. Mrs. W. G. Parker was program leader. The circle is deeply interested in Raymond Spivey, the young man from the church who has consecrated his life to the ministry, and is now a student at Lees-McKee College. Special prayers were offered for him. Miss Mary McLeod was unanimously elected as the new circle chairman for '38-'39.

Circle No. 2 of the same auxiliary met with Mrs. M. P. Snipes, with Mrs. M. D. McIver, chairman, presiding. Bible study and devotionals were conducted by Miss Miriam Graham. Mesdames Herbert McInnis, J. D. McLean and Jewell Hemphill read articles, suggesting the duties of the various auxiliary officers.

Frank Holder, who lived with his family on a farm of George Cole's,

on Route 1, had the misfortune to lose his home and contents by fire, on Wednesday night of last week.

The fire occurred, probably from a defected flue, about 12 o'clock. Members of the family were asleep but all escaped. Only a few articles of furniture and very little clothing were saved. The house was partly insured.

By special invitation, O. B. Pullen and his string band of farmer boys, Warren Phillips, Hubert and Ralph Nickens, Edmonds and Stanley—attended the luncheon of the Farm Hands Club in Raleigh on Thursday of last week and delighted the club with several numbers.

Cameron High's defeated Aberdeen 43-19 in a basketball game at Aberdeen, February 17. Lankford with 18 points and C. Wicker with a dozen featured for the winning quint. Dees, Aberdeen forward, led his mates with seven. The victory was the tenth of the season for coach M. P. Snipes' Cameron boys.

Mrs. L. B. McKeithen and Miss Lida Rogers, who underwent minor operations at Lee County Hospital, have returned to their homes and are recuperating.

Joe Harrington of Route 1 left Sunday for the Veterans Hospital in Columbia, S. C., where he is receiving treatment.

The Rev. and Mrs. Snipes of near Godwin were guests Friday night of their son and his wife, Mr. and Mrs. M. P. Snipes.

Bruce McFadyen and his sister, Miss Jessie McFadyen of Fayetteville were in town Sunday calling on friends, and were supper guests of their aunt, Miss Maggie McFayden.

William Parker of Durham spent Sunday with his parents, Mr. and Mrs. W. G. Parker.

Mrs. J. J. Irwin suffered a fall last

week and was painfully but not seriously hurt

Mr. and Mrs. J. W. McLaughlin were Sunday guests of Misses Cassie and Margaret McLaughlin of White Hill community.

Mr. and Mrs. Sanders and Mr. Wooten and family of Lemon Springs attended the program of Carl Goerch Friday evening.

Miss Ada Gilchrist, who is attending a business school in Charlotte, and Miss Elizabeth Thomas, a 2nd year student of Campbell College, spent the week-end with home folks.

Miss Mary McDonald of Edwin spent Sunday here.

Cameron's all-star girls basketball played Vass at Carthage Monday night. Score 29-18 in favor of Cameron. Margerie Thomas starred for Cameron, with 19 points.

MARRIAGE ANNOUNCED

Mr. and Mrs. E. H. Lawrence of Southern Pines announce the marriage of their daughter, Mary Elizabeth, to Steve Darby of Logan, W. Va., in Bennettsville, S. C., on February 13th. Mr. Darby is with the James Barnes Construction Company.

MARRIAGE LICENSES

Marriage licenses have been issued from the office of the Register of Deeds of Moore county to the following: G. W. Spivey and Mrs. Laura Foushee, both of Sanford Route 1; Howard Talbert and Marie Boyles, both of Aberdeen.

Crotalaria Experiments Successful, Farmers Say

Poole and Matheson Report Good Results from Use as Cover Crop

By E. H. GARRISON, JR., County Agent

For a year or two we have been experimenting with Crotalaria, trying to find something which will stand up in parts of the county where Leapedeza will not stand the hot dry weather which we have here during part of the summer. The results are most gratifying so far and I think will warrant the continued use of this as a cover crop. J. H. Poole at West End is one of the largest growers we have at the present time. Last summer he went to the trouble of checking up on the yields of the crop produced and the chemical analysis of the plant itself. He found by pulling up a small block of this and weighing it that he had around 54 tons of green matter per acre to go back to the soil. Also that the nitrogen gathered by the crop and stored up in the soil was worth the equivalent of \$18.00 in nitrate of any other form.

E. C. Matheson, near Eagle Springs, turned under an acre of this and put it in cotton during 1937. Weights were kept of the cotton from this acre and from one where no Crotalaria was grown. Where the Crotalaria was turned he picked 1,701

pounds of seed cotton. Where there was no Crotalaria he only got 1,164 pounds or a difference of 540 pounds of seed cotton in favor of the Crotalaria. Where the Crotalaria was turned he only used 275 pounds of 8-4-4 and 50 lbs of nitrate of soda. On the acre with no Crotalaria he used 400 lbs. of 8-4-4 and 100 lbs. of soda.

Mr. Matheson and Mr. Poole will verify these reports to anyone who might be interested in planting some Crotalaria this year.

There are several varieties of Crotalaria. The one best suited to our needs seems to be the Striata. This one always forms a good seed crop here while the others do not to any great extent. It is grown strictly as a cover crop and is not any good for any other purpose. Be sure that the seed have been scarified before they are sown. If they are not, a poor stand is usually the result of the first year's seeding. Some of these may be in the land and come up for the next two or three years if they are not scarified before they are put in.

Crotalaria may be sown from March to June. Early seedings generally produce a more satisfactory cover crop to compete with weeds. Rates of seeding vary from 5 to 20 pounds per acre. The heavier rates of seeding produce heavier stands, a finer quality of top growth of coarser textures but yield a larger quantity of seed. Five to 12 pounds of seed

WILLING WORKERS TO HAVE CHURCH FAIR ON MARCH 15

At the meeting of the Willing Workers on Tuesday at the Highland Lodge, plans were made for a fair to be held March 15 at the church. There will be apron, food and candy tables. An a-la-carte supper will be served.

Next Tuesday, March 1st at 3:00 p. m., the monthly missionary meeting of the women of the Baptist Church will be held at the Hollywood Hotel. All women are cordially invited to this meeting.

MRS. MCKEITHEN HOSTESS

Mrs. Neill M. McKeithen entertained at three tables of bridge Friday afternoon at the Southern Pines Country Club. The guest list included Mrs. Frank Shamburger, Mrs. G. A. Charles, Mrs. J. Talbot Johnson, Mrs. H. W. Doub, Mrs. Roy Harrington, Mrs. Fred Blue, Mrs. Reid Page, Mrs. Forrest Lockey, Mrs. Leon Seymour, Mrs. John Berry, Mrs. Beverley Smith and Mrs. Edwin McKeithen.

per acre is sufficient to produce a good stand which will yield enough seed for a thick volunteer crop the following season. The seed may be planted broadcast or in rows. Both methods give good results. No inoculation is necessary. Thorough preparation of the land and shallow covering of the seed are recommended.

Write today for your copy of this fascinating booklet by O. B. Keeler, famous golf commentator. It's absolutely

free!

HOW YOU CAN HELP

TELL THE WORLD ABOUT NORTH CAROLINA'S WORLD-BEATING GOLF

Let's Spread O. B. Keeler's Thrilling Message to Golfers Everywhere—A simple Plan open to all!

NORTH CAROLINA now has, in fascinating print, the real story of what our glorious state has to offer the golfers of the world! For the first time in history, it is down in black on white, written by O. B. Keeler, famous golf commentator whose name is a beloved by-word wherever the game is known, the man who probably has done more than any one writer to make golf the most widely-played game in all America.

There's not a golfer in the United States who will not be eager to come to North Carolina and play our fine courses—once he has read O. B.'s enthralling play-by-play description of the state. Let's see that golfers get this book!

Here's Your Chance to Help

Practically every North Carolinian knows someone, somewhere in the United States or across the seas, to whom he would like to pass on this grand story of the finest golf in the finest golfing climate in the world. You may have a personal friend in another state—a business acquaintance—a commercial correspondent—a golf addict you've met in your own travels—someone you know would be interested in the thrilling material Keeler has packed into 15,000 words that ramble delightfully over 52 profusely illustrated pages.

All you have to do is to send the name or names, with proper addresses, to the Governor's Hospitality Committee—and we will do the rest. We will mail a copy direct to whomever you select, enclosing your business card if you will supply it.

In cooperating in this plan, you not only help in the program of spreading the story of

North Carolina's glories before the world, but you also will delight some golf-lover—for this book is a volume that any golfer alive will delight to own. Your out-of-state friends will devour it page!

See a Copy Yourself

Of course we want North Carolinians, too, to read this happy handbook on our state's attractions. Keeler has done a remarkable job. "Geographically, typographically, climatically—North Carolina appears to have been designed by St. Andrew himself as a golfing state," says world-travelled G. B.—who then proceeds to prove his point. Go with him on his whirlwind tour of the state's courses; read his description of them; revel in his first-hand stories of famous shot-makers and their shots; laugh at his charming anecdotes. Every last syllable glitters with interest; every paragraph is done in the sweeping, reminiscent Keeler style; every page is supported by his illustrious fund of golfing knowledge. It's a classic that should be in every golfer's library.

It's free! Your copy will cost you nothing; it will cost you nothing to see that a copy gets to your friends in other states. Write for your copy today—and send in a well-chosen list of others to whom you would like this gem of golfing geography sent.

You help yourself—your state—and do an unforgettable favor for some friend elsewhere. Sit down now and make up your list—give it careful thought—then mail it, with your own name and address, to the Governor's Hospitality Committee.
