"MY BUSINESS IS GROWING TOBACCO"

I KNOW THAT CHOICE TOBACCO'S MAKE A BIG DIFFERENCE IN A CIGARETTE. AND BEING IN THE BUSINESS OF GROWING TOBACCO, I'M PARTIAL TO THE CIGARETTE I KNOW BUYS UP THE CHOICE KINDS OF TOBACCO. THAT'S CAMEL. I SOLD THE BEST LOTS OF MY LAST CROP TO CAMEL. MOST OF THE GROWERS HERE DID, TOO.

WALTER DEVINE gets high prices at the market, smokes Camels

WHAT cigarette is made from costlier tobaccos? Planters who grow tobacco—and get the check for it—give the answer. They know Camel buys up their extra-choice tobacco. "Most smokers who grow tobacco," they say, "favor Camels." Camels are different...made from finer, MORE EXPENSIVE TOBACCO'S—Turkish and Domestic.

"WE SMOKE CAMELS BECAUSE WE KNOW TOBACCO"

TOBACCO PLANTERS SAY

"If Cigarettes Could Talk"

they would tell a story of a great American industry . . . In 1492 upon reaching America the Columbus crew noticed natives smoking rolls of dried tobacco. When the Spaniards landed in Mexico in 1519 natives were cultivating tobacco with great care and skill. Cartier, upon discovering Canada, found Indians drying leaves in the sun.

John Rolfe, at Jamestown in 1612, is credited with the culture of tobacco, but it actually did not begin in Maryland until 1631.

Tobacco manufacturers have spent millions in scientific research to improve their products. Utmost care has been taken in the selection of the right crops. Tobacco industry for many years has used newspaper advertising to increase sales and put out a better product at lower cost.

Cigarettes and tobacco are no exception to the rule of nationally advertised brands. The national brand with the manufacturer's name and trade mark is his guarantee that this product is the best that can be produced for the money.
