SAFE BLOWN OPEN, \$200 TAKEN IN HEMP STORE

Hemp's first robbery in more than five years occurred last Friday night as thugs broke into the Cash grocery, owned by Carl Davis, and made away with more than \$200 in cash, checks and jewelry.

The crime was discovered Saturday morning when Mr. Davis went to his store to open for the day. He noticed the rear entrance ajar and upon investigation noted that the safe was blown open, apparently with nitroglycerine. The contents were strewn over the building.

The work appeared to be that of amateurs since enough explosive was used to blow the safe door off its hinges. Fingerprints were very plainly imprinted on the metal of the safe, and it appeared that the burglars used no precaution against detection.

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress. Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's.
