

Seawell, G.O.P. Candidate For Legislature, States His Platform

Favors Abolishment of Absentee Ballot, Long Sheriff Term, Help For Industry, Pensions

Herbert F. Seawell, Jr., Republican candidate for the State Legislature from Moore county, who is ill with influenza at his home in Carthage, gave the following statement of his platform to The Pilot this week:

Having been requested to make a statement concerning my candidacy for the Legislature, I respectfully submit the following:

It has been suggested that I am probably running for some other office to take effect in the future. This is not true. I am running for the Legislature and expect to represent the people of Moore county if elected.

FIRST: The absentee ballot must be abolished in North Carolina. The recent fraud and stealing in the primary in this state is a reproach to the people of North Carolina of whom I am a part. I shall vote to repeal this law.

SECOND: I favor election of Sheriff and Coroner for a period of four years instead of two years. The reason for this is that, as much as possible, the Sheriff's office should keep out of politics. A man elected for two years is constantly playing politics in order to stay in the office.

THIRD: It is a reproach to this State that young men and women are required to attend college four years to equip themselves to teach school and then are able to earn only about the same wage as some person who can neither read nor write. By eliminating political waste every teacher in North Carolina could receive a minimum of \$100.00 per month. This State should also adopt the teachers' retirement fund.

FOURTH: I favor the promotion and development of every industry in this county from the talc mines and silk mills at Hemp in the west of the county, the manufacturing interests in West End, Aberdeen, Vass and other points and including our second largest industry, that of the resort business in Moore county. We cannot afford to drive people out of

this county through unfair tax methods. I believe that our resort business can be increased and tripled in volume by proper cooperation with those who come here to spend their money. To treat them unkindly and unfairly about tax matters will do us great injury. Proper co-operation and advertising can make Pinehurst, Southern Pines, Pine Needles and Knollwood the most popular resort section in North America.

FIFTH: Some one asked me to make a statement about old age pensions. I think to give some old person \$8.00 a month and call it a pension and expect that person to exist on this is almost insulting. If we are to have a pension for old people it certainly should not be less than \$30.00 per month.

I make my offer for election on the basis of good citizenship. I shall stand or fall on this issue. If I were a stranger in Moore county I would expect people to use politics against me, but the people of Moore county know me and they know for what I stand. As for politics, men make the party; the party cannot make the

Woman's Club Nets \$35 For School Lunches

Hallowe'en Stunt Show and Carnival Great Success at Vass-Lakeview School

Sponsored by the Vass Woman's Clubs, a Hallowe'en stunt show and carnival which netted a little more than \$35.00 was given Monday evening in the Vass-Lakeview School building. The money will go toward paying for cans used in canning vegetables from the WPA garden and fruits to be used in the school lunch room.

The program consisted of music by Edwin Causey, Doc McRae, James Causey, Satey Fry and Bill Briggs, a play by club women assisted by A. M. Cameron, a number of the Vass-Lakeview pupils and little Leslie Catherine Taylor and a trained horse stunt with Leroy Caviness and James Ray McLean serving as the horse power for "Mephisto," with W. E. Gladstone as trainer and Hugh McLean as the colored waiting boy.

Following the stage show, a large number of booths were opened for the entertainment of the crowd. These included "Spooky Vale Cemetery," "The House of Terror," "For Women Only," "For Men Only," "The Monkey Cage," "Art Gallery," a fortune telling booth and a fish pond.

The club wishes to express its appreciation to all who helped with the evening's program and to all who gave it their patronage.

man. I trust that no man or woman in Moore County will vote against me merely because of politics; this is not a sufficient or a sensible reason.

The dust of all my ancestors, from those who fought at Moores Creek to my three great uncles who were killed in the battle of Gettysburg, is buried here in Moore county. Whether elected or defeated, I shall always be loyal to Moore county and to the people of North Carolina, politics to the contrary notwithstanding.

The Women's Society of the Church of Wide Fellowship will meet in the church parlor Wednesday, November 9, at 3:00 o'clock.
