

Congressman Clark Endorses Boys' School

Fayetteville Representative Sees It As Benefit To All of North Carolina

While attending the recent Building and Loan League banquet in Aberdeen as principal speaker, J. Bayard Clark of Fayetteville, Congressman from the Seventh district, North Carolina, was informed of the campaign now in progress in Moore County and adjoining counties to purchase the site selected for the north Carolina Preparatory School for Boys. In response he gave his cordial endorsement to the idea and to the selection of this area as the location of the school. He also expressed confidence that North Carolinians throughout the state and elsewhere would generally support the school financially and otherwise.

"Some time ago," Mr. Clark said, "I talked with Francis Osborne, who represents a strong group of men who are interested in building in our state an excellent and permanent school for boys to supplement our public high schools and I told him then of my sincere interest in the undertaking and pledged my best moral support."

"I now learn that a committee of the Board of this School Project has selected the Sandhills for the location of this institution and that committees are being organized to raise money to purchase the best available site in Moore county as the donation of the Sandhills area to a cause which will not only benefit ourselves but the whole state. This I also approve and I feel safe in saying that this initial step will receive a generous followup and hearty support from every one in North Carolina who is interested in supplying the best educational advantages for our boys right here within our own borders."

Jay-Cees Sell New State Christmas Cards

Profits To Be Used Locally For Civic and Charity Work. —No Sales Tax

Cooperating with the State of North Carolina and the North Carolina Junior Chamber of Commerce, members of the local Jay-Cee organization are now offering to the public the beautiful Christmas cards adopted by the State committee and endorsed by Governor Hoey. These cards depict six attractive scenes taken from North Carolina views and contain holiday messages which are cleverly linked with the picture appearing on the face of that particular card.

The Southern Pines organization has been named distributors for these cards for Moore and surrounding counties, and the boys expect an increasing demand for these attractive cards as the real drive is just beginning. Any and all profits made on this project will be used locally for civic and charitable purposes.

George London has been chosen by the Jay-Cees to head this campaign, and the super-salesman of the Carolina Power & Light Co., reports great interest being shown by the public upon viewing the samples he has on display.

Here's a great chance to get the Official Christmas Card of North Carolina for only 5c or 10c each, by the way, no sales tax is charged on these cards, by special permission of the Department of Revenue.

Intimidation or Intelligence

When a man does not pay his tax for three years he can be challenged for jury service and not allowed to serve.

Mr. Clegg has not paid any tax, Poll or otherwise nor through any estate to Moore County in over seventeen years and yet people are urged to elect him to go to Raleigh to make the laws of the State and County when he could not qualify to sit on a jury in Moore County.

Herbert F. Seawell, Jr. is a tax paying, progressive young man born and raised in Moore County. A teacher in the Baptist Church, a Master Mason, President of the Bar Association of the Thirteenth Judicial District, past Vice-President of the North Carolina State Bar Association; fair minded in all political matters and sincere in all his undertakings.

Democrat or no Democrat, I'm forced by common sense of Justice to support Mr. Seawell. If Mr. Boyette, the Democratic Chairman in Moore County, votes his honest convictions he'll have to do the same, and every other good citizen will have to do likewise.

You don't have to consider that you are voting the Republican ticket when you vote for H. F. Seawell, Jr., because he is head and shoulders above partisan politics.

It would be a very foolish act on the part of paying citizens of this County to refuse to vote for H. F. Seawell, Jr. He is worthy and well qualified. Tell your neighbor about it and go out and vote for Seawell and let people know that the people of Moore County are not narrow minded but fair minded and intelligent.

Signed—A DEMOCRAT.

Don't be Intimidated: Be Intelligent!
