## THE GOOD OLD SUMMER TIME

According to our teacher and geography book there are frigid zones, torrid zones and temperate zones. In winter we zone Southern Pines Temperate—capital "T." In summer we run from the hot sand and torrid sun. Poor fellow who can't run but has to stay here!

After many summers here—more summers elsewhere and various excursions to popular seasonal resorts—we are wondering if there is a more comfortable and convenient place to be than right here in the Sandhills. A good sun bath every time we step out of doors. Hot but a constant breeze plus the smell of the pine. A minimum of flies and no mosquitoes. When the sun goes down, always nights of cool comfort. Then there are the showers—showers that have an atmosphere of cool pep. Seldom if ever the hot murky rainy day.

Big juicy peaches, dewberries and melons ripe from vine and tree; every desirable vegetable still damp with garden dew; and meats to be had as good as the packers distribute anywhere. Neighbors and town folks, with the leisure time to be pleasant and sociable.

Free from the tiring grind of the city and away from the noisy crowd of the beach, but not beyond available amusement. On every side there are lakes of cool sand-filled water that gives the plunge a unique freshness. Early in the morning, or from 4:30 to 7:30 p. m., golf on the Southern Pines ever-improving championship course—summer rates! In the evening there is a movie at the Southern Pines theatre exactly the same picture you find in the bigger theatres of the larger cities. Take your coat when you go, for Charlie Picquet has the building air-conditioned.

You can dress up and go to church on Sunday, too. There is a new air-conditioning unit just installed in the Baptist church where fresh air is drawn in from the outside washed with ice-chilled spray, filtered, blown through the auditorium and then drawn out a balcony window.

For a change of scenery you are an easy half day's drive from the Blue Ridge mountains, highest peaks east of the Rockies. If you don't like mountains you can leave Southern Pines after lunch—without speeding—take a dip in the Atlantic ocean before dinner.

It is our opinion you won't care to stay away long—all things considered.

For this is the place to live.

## EARNINGS AND SAVINGS

In his recent annual address, Paul B. Sommers, president of the National Board of Fire Underwriters, made this telling statement: "With only 7 per cent of the world's population, the American people have created and now own more than half the world's material wealth. Of the 30,000,000 families in our country, 14,000,000 own their own homes; 22,000,000 own automobiles; 23,000,000 own radios. One out of every three people has a savings account, the total aggregating some 25 billions of dollars. One out of every six people has a telephone; one out of every five holds stock in some American enterprise. The ownership of American industry is so widespread, that of the 4,149,666 stockholders in the 110 leading industrial corporations of the country, 3,573,620, or 86 per cent, own less than 100 shares each. By thus investing their earnings, these shareholders help to provide employment

## Grains of Sand

More than 150 horses were shown in the various classes in the three-day Sedgefield Horse Show at Greensboro last week, the most successful show in Sedgefield's history. Among prize-winners were horses shown by L. M. Tate of Pinehurst and W. O. Moss of Southern Pines.

Here's good news for married men, from a Raleigh release:

"Married men stay out of jail better in North Carolina than do single men. During the fiscal year 1938, 61.4 percent of the men in prison had never been married."

North Carolina was the birthplace of what three presidents?

Wednesday was Flag Day, but you wouldn't know it in Southern Pines. Whoever is in charge of putting up the flags along Broad street on holidays was negligent.

Add statesmanlike statements: "They don't vote in North Carolina." This was Senator "Bob" Reynolds excuse, given to Washington newspapermen, for his failure to attend the reception to the King and Queen of England.

Interested organizations can obtain from Seaboard Railway passenger representatives, free of charge, the new film "New England, Yesterday and Today, 1620-1939." This 700-foot long motion picture with sound, shows

for 2,454,135 wage earners, and have paid them in wages \$3,500,000,000 in 1936, and \$4,000,000,000 in 1937. These savings invested in private enterprise are truly 'Double Duty Dollars.'

"There isn't a job that wasn't born of individualism and created by enterprise. There isn't a home that isn't maintained and made possible by earnings and savings from these earnings. There isn't a church building or a hospital, a college or a school, that wasn't made possible by saved money. The very security of the home and nation is reliant upon earnings.

"America hasn't 'jest growed' as Topsy did in 'Uncle Tom's Cabin.' America was made. It was made by the force of men's muscles; by the sweat of men's brows; by the driving force of energy and ambition and faith; and last, but by no means least, by the courage and the hope of earnings that made men willing to risk their hard-earned savings in productive enterprises."

It will be a sad day for this great country of ours when these truths are forgotten. If ever the time comes when the individual is subjugated by the state, and private enterprise ruled by the bureaucrat and the politician, we will be nearing the end of the finest civilization this modern world has ever known. And the ordinary men and women—those who work in our factories and our stores, and enjoy the fruits of our epochal standard of living—will be the ones to suffer most.

the new and modern side of old New England, that famous vacationland which rivals our own great South. The film is produced under the auspices of the New York, New Haven and Hartford Railroad, and features the phase of New England life that appeals to the sporting blood of the nation, sports such as golf, tennis, riding, sailing, fishing, hiking, mountain climbing and swimming, all in a New England setting of charm and romance.

## ASKS \$10,000 FOR SKULL FRACTURED BY AUTO TRUCK

Alleging that he suffered a skull fracture and other injuries when his automobile was struck by a furniture truck from Bennettsville, S. C., on or about April 14th of this year, Raymond Davis has started suit in Moore county Superior Court to recover damages in the amount of \$10,000 against M. E. Bostic, trading as Bostic Furniture Co. Seawell and Seawell are attorneys for the plaintiff.

## ARRANGE SCHOOL BUS POINTS FOR NEXT TERM

Gordon Maddry, a representative of the State School Commission, is in Moore county this week showing the school principals and committeemen where to run their buses during the next scholastic year, County Superintendent Thomas has announced. Any persons desiring changes in bus routes should see Mr. Maddry at the Carthage Hotel.

## NIAGARA

Mr. and Mrs. W. R. Dean left Thursday for Newark, Ohio to visit their son before going on to Bath, Maine for the summer.

Mr and Mrs Steven Zeblo of Raleigh spent the week-end with Mr. and Mrs. Wood.

Mrs. Lena Slappy and Mrs. J. W. Frank spent Thursday in Raleigh shopping.

Bruce Garner has returned to his home here after spending a week with his cousin, Arnold Garner of Aberdeen.

Miss Eva Hammond spent the week-end in Athens, W. Va., visiting friends at Concord College of which she was a former member of the faculty.

J. V. Snipes and daughter Evelyn, and Mr. and Mrs. Burney Garney spent Sunday visiting friends and relatives of Mr. Snipes in Chatham and Orange and Alamance counties. Mr. Snipes still wonders at the great changes that have taken place, not only in the country but in people as well since 40 years ago.

Misses Gladys Snipes, Virginia Morgan and Alma Henry spent Tuesday in Raleigh.

Mrs. G. W. Slappy has returned to her home in Columbus, Ga., after spending several weeks with Mr. and Mrs. J. W. Frank.

## MRS. BYRD ASKS DIVORCE, CUSTODY OF CHILDREN

Mrs. Grace Carter Byrd has started divorce proceedings in Moore County Superior Court against Robert E. Byrd, in which she asks for custody of the two children. She alleges that the defendant has become an habitual drunkard and has threatened to do her bodily harm.

## NOT C. P. L. WILLIAMS

Lacy Williams, superintendent of the sub-station of the Carolina Power and Light Company at West End, is not the Lacy Williams whose driver's license was revoked after a hearing on a reckless driving charge in Recorder's Court at Carthage a week ago.
