

### 150 Women Gather on Achievement Day

Many Prizes Awarded During Program Sponsored By Home Agent

Moore county home demonstration club women, 150 strong, assembled in the courthouse in Carthage last Friday for their annual Achievement Day program, the outstanding event of the club year, which is sponsored by the home agent, Miss Flora McDonald.

Mrs. Winslow Sellars of Cameron won first place in a dress show, which was the feature of greatest interest to the women, and Mrs. Katy Phillips of High Falls was second. The first prize was \$5 in cash and the second was dress material.

That much had been achieved in club work was shown by the beautiful display of quilts, rugs—both plaid and hooked—aprons, dresses, embroidered bedspreads, crocheted bedspreads, and other articles of fancywork as well as by the tempting exhibits of canned products.

Speakers on the program were Mrs. Esther G. Willis, district agent; Mrs. E. W. Bruton, county clothing leader; Miss Willie N. Hunter, State clothing specialist.

Merit awards were presented to the following, who had participated in the two-year clothing program outlined by the home agent.

### Civic Club One of Most Active Organizations in Southern Pines

Clubhouse a Civic and Social Center, with Fine Program Every Friday

The Civic Club of Southern Pines was started by women to do the many things that needed to be done to make this a better town, and they have never really given up their reason for being, though with the Town Commissioners and the Chamber of Commerce, and now the Junior Chamber of Commerce, one might think the hundred or more club members would be searching for a job. They are not, for man's work is from sun to sun, and woman's work is never done, at least in Southern Pines. The clubhouse on Ashe street is the headquarters for most of the activities of the town.

The building is now open every day for the use of the members and winter visitors, and it makes a delightful meeting place where new friends are made, pleasant contacts for those who are not living in the larger hotels, and a pleasant place to play a game of cards or even solitaire, write a letter, or play the piano—and sing too, if that is the thing that makes you happy. There has always been a mortgage on the Civic Club, and that has been the ball and chain which has kept the club from going ahead faster, but the more recent captains of the club have believed in lowering that mortgage as fast as possible, and then do their charity. With the carrying charges now in sight they feel justified in offering their well heated shelter as the hospitality center of Southern Pines. Added to the daily informal welcome, there is always a program or festivity of importance each Friday afternoon, at which tea is served by two of the club members.

#### Public Is Welcome

All residents and visitors to Southern Pines are cordially invited to all activities of the club. It is not necessary to become a member, for this hospitality is now the most important interest. Dues in the Civic Club are only one dollar a year. At the annual meeting of the club held, following a luncheon last Friday at Highland Lodge, it was decided to make a drive for Life Memberships at \$25.00, using these toward paying off the mortgage principal which has now been reduced to \$2,850.00. Every dollar cancelled makes the carrying load easier and mean more to spend where needed. This Life Membership plan seems to have been a happy inspiration for already results are seen, and it is the men of Southern Pines whose names are now coming in to head the roster of members. The men always were and always will be welcome members, whether at one dollar or twenty five, and always invited to all programs. The Civic Club has many season names in the membership, so the heavy work is carried on by the ever faithful few. The upkeep of the garden is taken care of by the income from the McCormick fund which was given as a memorial to the first president, Mrs. A. P. Dull.

Beside the active members, there is a splendid group of Junior Civic Club members, organized by Miss Florence Campbell. This winter Red Cross needs will be added to club interests, which now include clinic, welfare and hospital work. Many Friday programs are already booked, including music, books and travel which will be announced.

#### Seasonal Activities

In reviewing the past season, Miss Florence Campbell, who has just been returned as president for the third time, was very proud to report her programs and was very grateful to those who gave their time and tal-

Yesterday it was strawberries, gathered by C. L. Klabbatz at his home here this week—fine looking berries. And Mr. Klabbatz reports his garden full of roses. Spring—the year 'round.

to the club, making such a course of entertainment possible, without cost. Among these were resident authors, Mr. and Mrs. Struthers Burt, James Boyd, Miss Ruth Burr Sanborn and Donald Parson. Judge Winston came from Chapel Hill, and Dr. D. W. Wells from Raleigh. Harry Pethick gave a wonderful story of China, having lived there for 25 years as representative of the Standard Oil Co., and he also exhibited his collection of coins from all over the world.

Captain Allan Innes-Taylor also generously gave his time, and carried a large audience with him, into the frozen Antarctic. Captain Innes-Taylor has made two trips with Admiral Richard E. Byrd to the South Pole and "Little America" and his spellbound listeners felt as though they had at least taken one of the journeys.

The big patriotic program of the season was given at night and the Civic Club found it necessary to move to the high school auditorium to hear the nationally known lecturer and humorist, Charles Milton Newcomb, on "What Is It To Be An American?"

Patsy Goodwin of Charlotte came to review a "Best Seller" and Ruth Doris Swett, Southern Pines' own child and now a well known etcher, taking the pine tree as her theme, gave an exhibition of making and "pulling a print" in finished form. Miss Swett will have a small exhibition of prints at the Civic Club this week, from Friday through Sunday.

Miss Meade Seawell of Carthage is always a favorite speaker with Civic Club audiences and drew a big house to hear "Today's Challenge." Mrs. Harlow Pearson of New York City, lyric soprano, won her audience immediately with a magnificent voice, and friendly neighbors, "The Yeomans Trio" are always welcomed and very much enjoyed. An outstanding program was the fascinating collection of North Carolina folk music brought by Dr. and Mrs. I. G. Greer, Mrs. Greer accompanying songs and ballads. They will be calling Dr. Greer's singing of the old back again this winter, as will Mark Hoffman, the eminent pianist, who gave a rkeital on Valentine's Day when the members were the guests of Mr. and Mrs. John J. Fitzgerald at the Mid-Pines Club.
