

Kiwanis Club Baby Page

Every name on this page represents at least one dollar, and each dollar represents one day's support of a bed in the Children's Ward of the Moore County Hospital. For years now, a charity bed has been maintained by the Sandhills Kiwanis Club for underprivileged children of the county needing hospitalization. The more dollars the club is able to send annually to the hospital, the more children can be nursed back to health and placed on the road to sturdy manhood or womanhood.

Those whose names appear on this page have each contributed to help these youngsters. The Pilot contributed the page, Kiwanis solicited the funds.
