

Thomas Is Relected County Schools Head

Board of Education Also Re-lects Graham Chairman, Appoints District Committees

The Moore County Board of Education unanimously relected H. Lee Thomas, Superintendent of Schools for the two year term in a meeting held last week. J. W. Graham of Aberdeen was relected chairman of the board. Other members of the board are W. E. Kelly, Carthage; J. F. Taylor, Pinehurst; L. B. McKeithen, Cameron and D. D. McCrimmon, Hemp.

School committeemen were appointed as follows:

Cameron District, J. E. Snow, Mrs. J. B. McDonald and Mrs. M. W. Harbour; Carthage District, Earl McDonald, Mrs. H. F. Seawell, O. U. Alexander, Lee Comer and I. N. Clegg, Jr.; Farm Life District, M. B. Kelly, and Z. V. Blue; Hemp District, J. C. Cummings and G. E. Walker.

Highfalls District, Frank Howard and R. H. Upchurch; Pinehurst District, Mrs. H. A. Campbell and F. S. Cullom; Vass-Lakeview District, Redga Thomas and Mrs. A. M. Cameron; West End District, W. A. Johnson, Mrs. M. C. McDonald and H. M. Tucker; Westmore District, D. A. Dunlap, W. J. McNeill, N. C. Hare, Lindsay Myrick and Curtis Garner.

Certain changes were made in the Carthage School Committee in order to give representation to the rural sections of the consolidated district.

No Clothespin on this Car's Nose!

Buick SPECIAL 6-passenger Sedanet, \$1006. White sidewall tires extra*

WOULDN'T a sprinter or a long-distance runner look silly trying to race with a clothespin firmly clamped on his nose!

Yet, in a sense, something fairly close to that happens in nearly every car that lacks Buick's sensational Compound Carburetor.†

For your engine has to breathe in huge quantities of air to be mixed with gasoline before it is burned in the cylinders. But single-carburetor fuel supply systems can handle only a given volume of air.

To that extent, then, an ordinary engine has a clothespin on its nose—a limitation on air supply for big power operation.

We remove that clothespin very simply—by having two carburetors; one that handles all casual driving smoothly and efficiently, another to jump in with more air and more fuel when you call for extra power by stepping on the gas treadle!

Simple? Very simple indeed.

And simply marvelous in the extra FIREBALL wallop it gives you and in the gas savings you get—as much as 10% to 15% over previous Buicks with the same-size engines.

Maybe you'd better go see your Buick dealer now.

†Optional equipment on the Buick SPECIAL, standard on all other models.
