

Scholarships Are Offered in "Youth Week" Observance

Scholarship awards of a college education for the boy and girl in rural and urban areas of the United States and Canada showing greatest evidence of Christian Service and understanding of Christian responsibility will be granted as part of the 1945 Youth Week observance January 28 to February 4, according to the Rev. Isaac K. Beckes, director of youth work for the International Council of Religious Education and executive secretary of the United Christian Youth Movement. Five second awards as well as 15 partial scholarships will also be granted, Mr. Beckes stated.

"First awards include \$400.00 per year for four years in the college of the winner's choice, and a scholarship each summer at a youth conference," Mr. Beckes announced. "These awards are made possible through the Parish College Scholarships by Mr. Alfred H. Avery of Malden, Mass. Twenty other awards include scholarships to regional summer conferences of the United Christian Youth Movement."

Eligible to participate are young people 16 to 26 years of age who have been active in Christian service in local church and community, Mr. Beckes said, and who present an essay on the general theme of Youth Week, "Youth Serves." Information can be obtained through local state, city or county councils of churches or religious education, or from the United Christian Youth Movement, 203 N. Wabash, Chicago.

It is expected that more than 3,000,000 young people will participate in the 1945 Youth Week observance. Plans are being made for worship services centered on youth, church and community forums for discussions of youth problems, as well as inter-church sponsored social events.
