## P. T. A. Meets

On Friday afternoon at 3:30 at the grammar school, a number of men and women interested in reorganizing the P. T.-A. in Carthage met to elect officers for the coming year. Miss Hilda Blue, principal of the grammar school, acted as temporary chairman, while Mrs. E. S. Adams served as temporary secretary. The following ticket was elected by acclamation: President, Mrs. Monroe Way, vice-president, Mrs. Myrton Stewart, treasurer, Mrs. C. T. Hinson, secretary, Mrs. Lucien P. Tyson.

The third Monday night in each month was designated as the regular time of meeting. Due to the workshop teachers meeting on Oct. 21, however, the October meeting will be held on the fourth Monday.

## School Lunch Room Opens

The Carthage School lunchroom opened last Monday with a record patronage of 296 lunches served. The menu for the day was meat loaf, string beans, cole slaw, hot muffins, cookies, and milk. The price of the lunch is 15c.

Mrs. Maggie Lee Kelly is again the lunch room manager, and has assisting her, Mrs. Mae Davis and Mrs. Brady.

A new electric range, electric refrigerator, electric water heater and sink have greatly improved working conditions. A water fountain and new furniture have been—greatly appreciated improvements. The enlarged floor space enables the students to be seated in greater comfort than they were in the congested quarters of last year.

## Rotary Hears John Lang

The regular Thursday dinner meeting of the Rotary Club was held at McDonald's dining room last week with H. J. Hall and Rev. W. S. Golden in charge of the program.

John A. Lang, field secretary for the North Carolina Social Hygiene Society explained the purpose of the society which is to carry on the work started by the Reynolds Foundation to eradicate venereal disease. The Society is trying to make up the loss of this Foundation by contributions from the general public. Mr. Lang asked for the support and co-operation of the Rotarians.

Mr. Lang explained that the North Carolina Social Hygiene Society has two types of membership: Regular and Sponsoring. Regular membership is \$1.00 per year, including 75c per year subscription to BETTER HEALTH, a bi-monthly magazine devoted to improving health conditions throughout the state. Sponsoring members are individuals, firms, or corporations, making a sustaining contribution to the Society.

## Pinebluff Minister Guest Speaker

The Methodist Men's Club met last Tuesday night at the church, at which time an address was heard by the Rev. Gilbert Crutchfield, pastor of the Methodist Church of Pinebluff. Mr. Crutchfield is a former graduate of the Carthage High School.

## Wholesale Tire Business Begun

Eugene Stewart has begun operations on the Shaw lot on the corner of McNeill and Saunders Street where he plans to erect a building to be used as a wholesale tire business, and possibly a filling station also. To date the work has been confined to removing from the lot the dwelling

house situated upon it.  
New Jewelry Store

Lowe's Jewelry Store has now opened for business in the new Womack Laundry building on Martin Street.

## Music Club

The Carthage Music Club held its October meeting in the Methodist Church Saturday afternoon. Selections on the pipe organ were rendered by Mrs. H. J. Hall, Mrs. M. J. McPhail, Mrs. L. R. Sugg and Mrs. Colin Spencer, Jr.

After the program of organ music, club members went to the home of Mrs. Colin Spencer for refreshments, and a social hour.

## Veterans of Foreign Wars

The Veterans of Foreign Wars met last week to see and hear movies of Japanese atrocities. The meeting was not well publicized, and not as many people saw it as should have, says Commander Tim Katsos. The Veterans and the American Legion plan to have it shown again in the near future, as it is something everyone should know about. There will be advance notice given at a later date as to the time and place of the second showing.

## Workshop Teachers Meetings

October Monday nights find all Moore County teachers busy studying together in small study groups as to how they may become better teachers. New ideas and old are discussed for their merits, the ball being tossed from one to another, so that all may contribute. Dr. Perry of the State Department met with the teachers on Monday night, but the work is being done for the most part by the teachers themselves. At a short meeting of the Moore County N. C. E. A., President Puckett explained the advantages of the teachers all backing their organization in a fight to win improvements in the profession, and called on Mr. Stephenson of the Cameron School to speak on the advantages of joining the National Education Association.

## Former Moore County Girl Honored at W. C.

Misses Mattie Kate Shaw and Eula Blue motored to Greensboro Saturday to attend Founder's Day at Woman's College. Mrs. Peter Lynch of New York was one of the speakers on the platform. She is the former Mildred Harrington, who was born and reared in Aberdeen and taught High School English in Carthage. She later went to New York and made good as associate editor of the American Magazine. For the past several years she has been a free lance writer. Her best work was "The Life of Marie Dressler" for which she went to Hollywood and spent several weeks collecting material first hand from Miss Dressler. A story, "Hang Out the Moon" was produced in the movies.

She has one daughter, Nancy, who will enter college this fall.

## If Isabella had ice cubes . . .

Christopher Columbus would never have discovered America!

Isabella, Queen of Spain, had caskets full of jewels. She had velvet robes and silken gowns and handsome hand-made shoes. But she had no electric refrigerator! So the jewels were pawned. Three little ships set out against the sea. And Columbus happened on America back in 1492.

Fantastic? Not really. In Isabella's day, they tried to keep food from spoiling by spices brought overland at great expense from India. Columbus believed he could reach the Indies by sailing westward on the unknown Atlantic. The rest is in history books.

Poor Isabella, with all her clumsy luxuries, never dreamed of ice cubes—nor radios to whisk music from the very air—nor any of the miracles of modern electric living!

Though electricity plays such a great part in today's comforts and conveniences—you're scarcely conscious of electric service. That's because it's always on hand—all you want—at little cost.

• Listen to the "NEW ELECTRIC HOUR"—The HOUR OF CHARM. Every Sunday afternoon, 4:30, EST, CBS Network.
