

### Vass Lions Hold Field Day Friday

Sponsored by the Vass Lions Club, Field Day was held at Cameron Friday afternoon with Vass-Lakeview and Cameron high school students competing for honors. Vass-Lakeview girls scored 36 points to 18 for the Cameron girls, and the Vass-Lakeview boys rang up 38 to Cameron's 24. Two contestants or two teams from each school competed in the various events, and five points were given for first place, three for second, and one for third. A similar contest will be held in Vass next spring.

Girls' events with the winners were as follows, "V-L" indicating the Vass-Lakeview School and "C" the Cameron:

75-Yard Dash—Opal Baker 1st; Doris Lynne (VL) 2nd; Imogene Hall (C) 3rd.

Relay Race — Vass-Lakeview 1st and 2nd, Cameron 3rd.

### Used Fat Magic!

Carol Sue Tarbox, 1 1/2, of Fairlawn, N. J., makes lots of laundry for her mother, but consistent fat salvage helps Mrs. Tarbox buy enough soap to keep her baby, house and dishes clean. The Department of Agriculture points out that if it weren't for fat salvage in 1945, every household would have had one soap-less month, or food fats would have had to be diverted into industrial channels. For more soap in 1946—salvage more fat.

### Kiwanis Speaker Urges Public Responsibility

A. L. Burney and Charles Picquet, co-chairman of the Ladies' Night Committee of the Sandhills Kiwanis Club, announced that the annual ladies' night banquet will be held at the Mid-Pines Club on Wednesday evening, December 11th. Plans are being made for upwards of 150 to attend. Other members of the committee in charge of arrangements are: A. Bynum Patterson, Leland McKeithen, and Howard F. Burns. W. D. Sabiston, President of the Club, announced the names of the Builder's Cup committee, which will be in charge of awarding the Kiwanis Cup to the citizen in Moore County who has done the most outstanding work during the year. The Committee is composed of Charles J. McDonald, Carthage, Chairman; A. L. Burney and Howard F. Burns, Southern Pines; and Dr. E. M. Medlin, Aberdeen.

### SEEING THE GAME

If you must do a lot of drinking at football games this Fall, don't drive an automobile. "Drinking" either by the driver or pedestrian played a part in 1 out of 4 fatal traffic accidents. "Under the influence of alcohol"—a more serious violation—was reported for 7 per cent of drivers in rural fatal accidents and 4 per cent of drivers in urban accidents.

### Freezer Locker To Benefit Many

Between 400 and 500 families in Moore county are expected to benefit from the freezer locker plant in Carthage, preserving at least part of their winter's supply of fruit, vegetables, poultry and meat by freezing.

Most of the lockers in the plant which was recently built in Carthage have been rented, according to Otis and John Baker, managers.

Specially prepared cartons in which to pack fruits and vegetables and directions for preparing them for freezing are distributed by the freezer plant. Moisture-vapor proof paper is available for wrapping meats such as roasts, chickens, chops and steaks.

Each package is stamped in the office with the owner's locker number and date of storage.

A new high-energy flashlight battery holds 10,890 foot pounds of energy—enough to equal that used in kicking 186 footballs over the goal posts from the 25 yard line.

# Ray Reynolds and His Quartet

Four men—four instrumentalists—that sound like a band of fifteen; that's RAY REYNOLDS and his Musical Quartet.

MAESTRO RAY REYNOLDS, with an eight-year musical education, is featured on SWEET AND SWING TRUMPET, and also on the vocal end.

Four completely different voices are featured in the four-piece combination. They are heard each one individually and also in trio and quartet arrangements.

The Ray Reynolds Quartet comes to us direct from the Shamrock Club, Panama City, Fla.
