

Thank You---

I want to thank you, publicly, Chief Newton, and your police department, for discovering the fire that destroyed Jack's Grill and severely damaged my entire building.

Most particularly do I want to express my great appreciation for the manner in which our fire department handled the fire. It was stubborn, most difficult to reach and the heat, fumes and smoke intense. You, Chief O'Callaghan and your entire Department, were superb. To be called out at 6:20 on Christmas morning for such a job is no pleasant matter and my deepest thanks go to you all.

Sincerely yours,

Eugene C. Stevens
