

INCREASING DEMAND MAKES NECESSARY RATIONING

MILLIONS MORE ARE GETTING Hadacol

A great fleet of 30 modern trucks are traveling day and night in an effort to meet the ever increasing demand for HADACOL. Installation of this fleet is only one of the moves made by the HADACOL folks to keep millions supplied with HADACOL'S precious B Vitamins and important Minerals. Production is being centered in the new \$250,000 HADACOL plant in Fayette, La., and the most modern machinery has been installed. Despite these efforts, however, the HADACOL folks are still about 1,000,000 bottles behind in delivery. That is the reason Senator Dudley J. LeBlanc, President and Founder of LeBlanc Corporation, makers of HADACOL, has asked people to limit their purchases to only two bottles so there can be enough to go around until the demand can be met.

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example:

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and was as hungry as a horse. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Here's the statement of another HADACOL user, Miss Carol Jean White, 3636 West Park St., Oklahoma City:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss Lobb and Miss White both suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances... Your food will not agree with you... You will have an upset stomach... You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore why countless thousands have already been benefited by this amazing tonic, HADACOL.

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany, Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast.

Customers Limited To 2 Bottles

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles. Suffering folks, however, will be allowed to purchase two of the large economy or hospital size bottles if available.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The demand for HADACOL has increased 1000 percent in the past year as more and more people have learned the blessing of its five B Vitamins and four important Minerals. Despite our new \$250,000 plant equipped with the most modern machinery and our fleet of 30 great trucks to speed delivery, we just cannot keep up with the demand."

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance, I read on page 234, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycophosphate should for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'"

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the de-

mand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram which is less than half a gallon.

At the present time it is difficult to predict how long the shortage of HADACOL will continue. It is still being merchandised in less than a third of the nation and is being denied to all foreign countries that have asked for supplies because of the production bottlenecks. In the meanwhile folks are asked to limit their purchases to two small or two large bottles and not to accept inferior substitutes because there is only one HADACOL.

BIG WHEEL BACK OF IT ALL

SENATOR DUDLEY J. LeBLANC

There are many wheels in any successful organization—in fact, in The LeBlanc Corporation there are more than 300 human wheels, but all these rotate around one big wheel—Dudley J. LeBlanc, the man who gave the world one of the truly great medical discoveries—HADACOL.

Senator LeBlanc was the first candidate for Governor in Louisiana to advocate the Old Age Pension. In fact, it is said by some that he was the first public official to talk about specific Old Age Assistance in the United States.

His heart has always beaten in sympathy with the cause of the down-trodden, and with that very thought in mind he developed a medical formula known as HADACOL that is now sweeping the Southland. People are singing the praises of HADACOL everywhere it is sold.

Yes, in HADACOL, Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting his formula he worked in his own small laboratory—sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to create and develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6, which costs at the factory \$550.00 a kilogram, which is less than half a gallon. The Iron and Manganese Glycerophosphate used in his formula cost over \$4.00 a pound.

Senator LeBlanc has served his people in public life faithfully and well. In private life he brings to you a service which is appreciated by suffering humanity—HADACOL.

And, as he has so often said to his enemies and to those who opposed the Old Age Pension: "Let me quote you an ancient mandate of God Himself:

"Honor thy father and thy mother that thy days may be long upon the land which the Lord thy God giveth thee."

So it is that there is a man who has worked untiringly for the cause of the common man, the infirm and the sickly, and by his past activities in behalf of these people you have the assurance that what he has produced in HADACOL he believes to be the best that money can buy. So, if you have been sickly for a long time and you can't find the cause, then you owe it to yourself to try HADACOL. Why not be wise? Don't be satisfied with temporary relief. Get after the cause of your trouble. And, as so often, it's because you need this amazing health-building, nerve and tissue repairing HADACOL formula. Millions of people have been benefited by it. So don't you think that you owe it to yourself to give this great medicine a chance to help you? Remember the name HADACOL! Remember the man who discovered this remedy! Remember his activities in behalf of the poor, the humble and the needy! Don't delay. Start using HADACOL—you and your family—today!

SORRY!!

We are forced to limit each customer to 2 six bottles of
