The Rev. and Mrs. J. D. Ives of Misenheimer were weekend guests of Prof. Dunbar Ives.
Mr. and Mrs. Ronald House and children of Darien, Conn., are guests in the home of Mrs. Warner Veazey.

New GMC Trucks To Be Displayed Here Saturday

The first of a shipment of 1954 GMC trucks, combining functional styling and a 125-horsepower engine in the light line, has arrived at Southern Pines Motor Co. and will be on display Saturday, it is announced by A. A. Howlett.
In addition to styling and extra power for the light duty GMCs, truck HydraMatic has been extended through the medium duty classifications which range up to 45,000 pounds gross combination weight. The Hydra-Matic transmission for these medium-duty trucks and highway tractors has eight speeds forward and two in reverse and is patterned after those used in the famed GMC 6x6 military trucks that went through the most rugged conditions on the battlefields of Korea.
At 125 horsepower, the 248 cubic inch gasoline engine makes GMC light trucks the most powerful of any in the half-ton through one-ton field. For truck operators needing more economy than power, there is a special carburetor for the 248 engine that gives extra mileage while having a maximum of 115 horsepower.
The 1954 GMCs have entirely new styling with such previously unheard-of features as two-tone paint and two-tone upholstery, and a de luxe model that goes all-out for beauty to accompany its strength. The new look will be extremely important for truck users who realize that utilitarian beauty is a real prestige asset to their business, Mr. Howlett said.

Conference Over Seawell Appointment To Be Held In Washington Within Week

T. E. Story, Sr., of North Wilkesboro, State Republican chairman, said Monday that a conference would be held in Washington before Congress reconvenes January 6 concerning the proposed appointment of H. F. Seawell, Jr., of Carthage as federal attorney for the North Carolina Middle District.
The chairman, who was injured last September in an automobile accident, said that he might not be able to attend the conference. Other party leaders expected to take part are J. E. Broyhill of Lenoir, national committeeman, and Clyde R. Greene of Boone, secretary of the State GOP executive committee.
Seawell said in Carthage this week that he had no further comment on the situation at this time. He told The Pilot last week that neither he nor the State party organization are backing down on the appointment matter. Reports from Washington had quoted a Republican national committeeman to the effect that Seawell had been ruled out by the Justice Department for the appointment as attorney.
The Carthage man, who was candidate for governor in 1952, has been endorsed for the federal attorney appointment by many top leaders of both the Republican and Democratic parties, including Governor Umstead, Senator Hoey and Senator Lennon.
Bryce R. Holt of Greensboro, the Democrat who is now federal attorney for the Middle District, has tendered his resignation, to be effective not later than February 1.
North Carolina's 1953 cotton crop is estimated at 453,000 bales (500-pound gross weight).
In spite of dry weather, the 1953 United States corn crop was 5 per cent above average.
Rhode Island has only 2,598 farms, fewer than any other state.

Savings Bond Sales Increase Over 1952

Combined sales of Series E and H United States Savings Bonds in Moore County for the month of November totalled \$44,600.25. This sales announcement was made today by County Savings Bonds Chairman Stevens, according to the monthly sales report issued by Allison James, State Director of the U. S. Savings Bonds Division

in Greensboro.
The combined sales of Series E and H Bonds for North Carolina's 100 counties for the month of November totalled \$3,610,567.50.
The chairman stated that there had been an increase in the sale of Savings Bonds each month of 1953 over 1952, and sales, both on a national and state basis exceeded redemptions by a good margin during each of the eleven months of 1953.

Kate Rank Buie Art Exhibition Starting Today

The Southern Pines Library Art Gallery will begin the 1954 season with an exhibition of watercolors by a Rockingham artist, a Kate Rank Buie, from January 1 to January 16. Many of Mrs. Buie's watercolors are of North Carolina landscapes.

Having been a student at The Ringling School of Art in Sarasota, Florida, Mrs. Buie has also studied with Gregory Ivy, instructor at Greensboro Woman's College, and at The Art Students' League in New York. She is a member of the Charlotte Artists Guild.

This is Mrs. Buie's first exhibit in Southern Pines.

The District of Columbia has 28 farms containing 1,265 acres.

Services Held At Pinebluff Church For M. M. Parker

Funeral services were held at Pinebluff Methodist church Wednesday afternoon of last week for Merritt Mosher Parker, 83, of Pinebluff, who died Monday morning at Moore County Hospital, following a heart attack.

The Rev. James Hamilton, pastor, of the church, officiated. Interment was in the family plot at Houghton, N. Y., Saturday.

Mr. Parker came to Pinebluff 29 years ago, after retiring as a mail carrier.

Surviving are two daughters, Mrs. Clay Parker of Pinebluff and Mrs. Ray Arnold of Fillmore, N. Y.; one son, Alfred Parker of Baker, N. Y.; five grandchildren and two great-grandchildren.

B.F. Goodrich Tubeless Tire

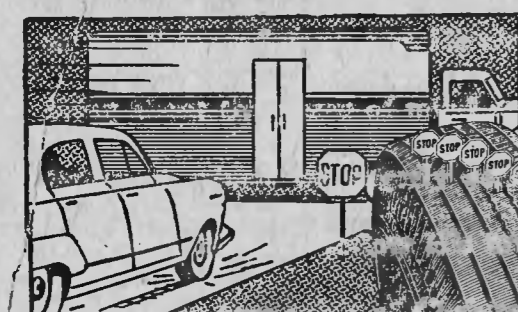

can be your LIFE-SAVER when these happen:

Driven over spikes—LIFE-SAVER stays up!
When the BFG LIFE-SAVER is punctured—you drive on as if nothing happened. Patented sealing compound inside seals around the spike, keeps air in. Later, when spike is removed, it plugs the hole, making a permanent repair.

Blowout impact—you get a s-s-slowout!
In regular tire, impact causes a bruise-break which pinches tube. Weakened, the tube finally blows out with a bang! But the BFG LIFE-SAVER has no tube to blow out. When bruise-damaged, its inner liner develops tiny leaks. You lose air s-s-slowly. Have time for a safe stop!

Slippery road—but you stop quickly!
Unique BFG LIFE-SAVER tread has thousands of tiny, flexible grip-blocks. They grip the road—even when slippery—to start you faster, stop you sooner—as much as 30% sooner in rain. Yet it costs less than regular tire and blowout protecting tube.

Size 6.70-15 Only \$30.95 plus tax Exchange
As low as \$1.00 down and your old tire—mounting free.
