**Tennis Season To Open Saturday As Junior Team Meets Kinston Here**

**Senior Players To Meet UNC Freshmen In April 25 Match**

The tennis season is getting under way, with first matches with out-of-town teams upcoming for both the senior and junior Sandhill Tennis Association teams, and tournament plans going full steam ahead.

The Junior Sandhill Tennis team will be hosts Saturday afternoon to a team from Kinston. Matches will be held on the city courts.

The senior team, in charge of Ray Schilling, will meet the challenging UNC freshman team from Chapel Hill April 25, on the local courts. In June, the Eastern Carolina League series will start, with seven teams participating. These and other plans were discussed at the monthly meeting of the Sandhill Tennis Association directors held Monday night at the home of Mr. and Mrs. Frank de Costa, with Mrs. Paul T. Barnum, president, in charge. Patti Woodell, JSTA representative on the board, was present with two other juniors, Lillian Bullock and Frances Pearson.

Walter Harper, treasurer, reported a balance of \$525.35, enough to give the association a good start on the season but not enough to carry them through. Ways and means of making more money were discussed.

Plans were set moving for the first upcoming tournament, the Moore County Schools Tournament to be held in May. Arrangements for the event, including definite dates, were left with the junior group who will have Don Moore as adviser for the senior association. H. L. Brown was appointed by Mrs. Barnum to coordinate several suggestions made for trophies to be awarded at this tournament.

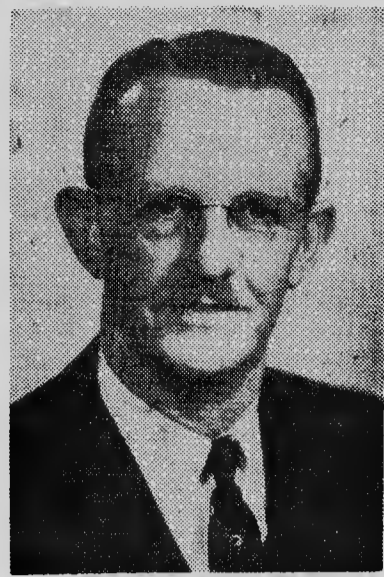

Ray Schilling reported on the recent meeting of the Eastern Carolina Tennis Association, at which Durham was selected to be again the site of the junior tournament, with Chapel Hill or Rocky Mount for the adult event. Two of the defending champions are Sandhill members, Lillian Bullock in junior singles and doubles and Mildred Gruebl in women's doubles. Whit Cobb of Durham, well known on local courts, was elected president of the ECTA.

It was decided unanimously that the Sandhill Association will pay expenses of its tennis team's out-of-town trips to the extent of three cents a mile for the car, and one meal for each player.

**EASTER SEAL SALE**

Boxes for contributions to the Easter Seal campaign of the Moore County Society for Crippled Children have been placed in local stores. Mrs. Betty Coley, Southern Pines chairman for the drive, said this week. Persons who do not receive seals in the mail and wish to contribute are asked to send donations directly to Mrs. Coley. The Southern Pines goal is \$500.

An infantry division will be air-landed into "enemy" territory on Exercise Flash Burn at Fort Bragg in April and May.

DR. SOUTHGATE LEIGH, Jr., of Norfolk, has been appointed chief surgeon for the Seaboard Air Line Railroad, succeeding Dr. Joseph D. Collins, who has retired. Dr. Leigh will maintain offices in the Seaboard's headquarters building in Norfolk.

**LeTourneau Talks Heard By Crowds Here, At Aberdeen**

"I believe that many people have just enough of religion to make them miserable," said Robert G. LeTourneau, of Longview, Texas, the self-taught mechanical genius who pioneered in manufacturing earth-moving machinery, to around 1000 people who braved a down-pour of rain to attend the Christian Youth rally held in the Aberdeen school gym Saturday night.

"There is no way you can justify a half-hearted Christian life. You have got to go all the way," he said. After telling of his ups and downs and how he came to know Christ and his dedication to "Do my best to be God's business man," he said, "It's not how much money I shall give to the Lord, but how much of the Lord's money I shall keep for myself." This is Mr. LeTourneau's motto.

**Many At Meeting**  
Sunday afternoon Mr. LeTourneau spoke before a capacity crowd in the Southern Pines High School auditorium giving dynamic testimony to the power of God and the need for living the Christian life.

At the 11 o'clock service in the Brownson Memorial Presbyterian Church Sunday morning a packed congregation was on hand to hear him. He was brought to Moore County through the efforts of the Brownson Memorial Men of the Church, led by A. L. Burney. A large gathering at Carthage also, heard Mr. LeTourneau earlier Sunday.

**Arrives In Rain**  
Despite the heavy rain Saturday afternoon, a crowd of some 200 people were at the Knollwood Airport to greet the LeTourneau party, and went on to the Hollywood Hotel for a reception. The

party left on their return trip to Longview, Texas, Sunday afternoon shortly after 5 o'clock from Knollwood Airport.

Speaking of the LeTourneau programs, A. L. Burney, general chairman, said: "The entire party seemed to enjoy their stay here and expressed themselves as wanting to come back again. It was an occasion that the people of Moore County will never forget. eH is indeed a great Christian layman."

For the first time in an Army field exercise, the Army's "Mobile Monster," the 280 millimeter cannon with atomic capabilities, will participate in Exercise Flash Burn.
