**IN HOSPITAL**  
Mrs. W. B. Graham of Vass became ill early Wednesday morning and was carried by ambulance to Moore County Hospital, where at the latest report she was resting comfortably.

The important factors affecting farm income over which the farmer has some control are size of business, crop yields, production per animal, labor efficiency, diversity of business and quality of land.

Some 12,200 head of cattle were slaughtered in North Carolina in June, compared with 9,800 in June, 1953.

**Aberdeen Troop Gains Top Points In Scout Events**

The Moore District Scouts' second annual swimming event, held last Saturday afternoon at Pinebluff Lake, was an outstanding success, Dr. John G. Grier, Jr., chairman, said this week. It exceeded last year's in both the number participating and the skill displayed.

Top winner of the occasion was Troop 68 of Aberdeen, which earned a total of 56 points. Pinebluff was second with a total of 50 points for its Explorer Post 807 and Troop 206; and Carthage third with Troop 936 and Explorer Post 936. Judges for all events were Bill McLaurin of Robbins, and J. Douglas David of Pinebluff, J. D. Ives of Pinebluff was scorekeeper.

Other events won on a troop basis included Swimming Rescue and Canoeing, in both of which Aberdeen Troop 68 again excelled; Candle Relay race, won by Troop 206 of Pinebluff; "In and Out" Canoe rescue, won by Pinebluff Explorer Post; Cracker Relay race, won by the Carthage troop; and Free Style Relay with Aberdeen the winner.

Individual winners in swimming were Fred Schnell of Pinebluff, elementary back stroke, breast stroke and inverted breast stroke; Sherill Babb, Aberdeen, overarm side stroke, crawl and back-crawl; Don Currie, Aberdeen, the trudgeon; Maurice Pickler of Pinebluff and Bobby Felton of Carthage, in a tie for trudgeon crawl; the side stroke, Maurice Pickler; and the free style, Sherill Babb.

A report on Saturday night's court of honor, which followed the water safety events and supper, appears elsewhere in today's Pilot.

**Humphrey Second Among Cameramen In Golf Tourney**

Defending his title in the photographers' division of the annual Football Round-up golf tournament at Chapel Hill Thursday of last week, Emerson Humphrey of Southern Pines shot 44-44-88 to become runner-up to Charles Kraft of Mount Olive, whose 44-41-85 gave him the Nello Teer trophy for the coming year.

The local photographer had won the 18-hole event in 1951 and again in 1953. He did not compete in 1952.

Humphrey told The Pilot after the tournament that he had not played a round of golf in the past year. "I just tried to keep them going straight. That was about all I could do," he said.

The event featured play in three divisions—press and radio; coaches, athletic directors and trainers; and press photographers. All players were the guests of the University of North Carolina during a gathering of officials of the Atlantic Coast Conference.

Nearly 100 competed in the tournament. Humphrey played in a foursome with Ace Parker, Duke assistant coach and runner-up in the coaches' division; Bob Brooks of the Raleigh News and Observer sports staff, winner in the press and radio division; and Merle (Red) McIntosh of State College, winner in the coaches' division.

**Miss Sears Buys 2 Thoroughbreds**

Miss Eleonora Sears of Prides Crossing, Mass., who maintains a string of show horses at Southern Pines in the winter, entered thoroughbred racing with a bang at Saratoga Springs recently when she bought her first yearling for \$75,000.

Miss Sears bid in a bay son of Tudor Minstrel—Neocracy, one of 24 consigned by the Aga Khan, at the week-long Saratoga yearling sale. She also bought a bay filly for \$21,000 also from the Aga Khan.

The Massachusetts lady, a famed hiker and great tennis star of 40 years ago, was the owner of one steeplechaser last year. This was Golden Loch, trained by Michael G. Walsh at his Stonybrook Stables in Southern Pines, winner of the Sandhill Cup in the 1954 Stonybrook race meeting.

Walsh has a training stable at Saratoga for the season and though information has not been received to this effect, it is likely that Miss Sears has placed her new acquisitions in his care.

On the basis of condition reports as of July 1, production from the current Tar Heel corn crop is forecast at 55,562,000 bushels, the lowest since 1945.

**New Music Shop Of John Ormsby Will Open Today**

John Ormsby, who for the past 10 years has operated a jewelry store here, this week was busily preparing to open a new business, Ormsby's Music Shop, today (Friday).

The shop—which will be the only establishment in the Sandhills devoted solely to sale of records, record players and allied lines of supplies and equipment—is located in the former offices of the late Dr. G. G. Herr at the corner of Pennsylvania Ave. and N. E. Broad St.

The quarters occupied by the shop have been completely renovated. The floors have been

sanded and varnished and the rooms have been painted.

Mr. Ormsby said that he will carry a full line of recordings of various types of music, featuring the releases of a number of leading companies. Record players he will stock include portable models.

A native of Rockingham, Mr. Ormsby came to Southern Pines in 1938 and has engaged in a number of businesses, in addition to the jewelry store where a going-out-of-business sale is in progress preparatory to opening of the store under new ownership. At various times in the past Mr. Ormsby has operated a bowling alley, a pool room and a sandwich shop and is at present the owner of rental properties, including the new Indiana Hill

Apartments recently opened for occupancy at the corner of Indiana Ave. and Country Club Drive.

**Town Will Get \$23,708.19 For Work On Streets**

Southern Pines will receive \$23,708.19 from the State in "Powell Bill" funds for improvement of streets not a part of the State highway system.

This is the largest sum ever appropriated by the State to this community, increased considerably through the street mileage acquired when Knollwood and other territory was taken into the

city limits this year. The money comes from a half cent of the state's gasoline tax, returned to municipalities on the basis of population and street mileage.

Other Powell Bill allocations in Moore County are: Aberdeen, \$7,387.07; Pinebluff, \$4,317.70; Carthage, \$4,966.46; Robbins, \$5,275.54; Vass, \$3,996.87; Cameron, \$1,514.19.

Checks will be mailed to the towns in mid-September. When the large Knollwood area was taken into the town limits, officials indicated that at least the additional amount received by reason of the added street mileage and population would be spent for improvements of streets in Knollwood.
