Cracks of Light

By TOM O'NEIL

In the event of world war three, let me make an advance prediction—WORLD WAR FOUR WILL BE FOUGHT WITH CLUBS!

Many years later, stone hatchets will come into general use, and the discovery of fire will be the greatest advancement of the ages. Somebody will make up a devil to go with the fire, "and for a price" they will keep him away from you. A stake will be set in an open field, and all opposition to this "devil idea" will be fed to the flames. That will obliterate most of the thinkers, and the mass-mind will be created through fear!

Different gods will be invented; one to hang out the stars, one for thunder, one for lightning, rain gods, sun gods, moon gods, etc. more gods will be turned out, and in abundance, as money comes into general use, and the easiest way to separate a man from his hard earned money (it has been proven) is to threaten him with the displeasure of a god on one side, and the pleasure of the devil on the other. . . "of course" there is also a head-man's axe, and the burning stake—?

Later, someone invents a telescope, disproving the star-hanging god; persecutions will be endless, but men's minds are freed a little from the terrible pinch of ignorance; false god after false god will topple from the gilded throne of superstition, the befuddled mind of man is slowly reaching for light and truth. And so it will go. . . In the year 1955, a million years from now—the atom has been discovered, and bombs are being tested; somebody will sit down and write: IF THIS POWER IS EVER USED FOR WAR, I PREDICT THAT THE NEXT WAR WILL BE FOUGHT WITH CLUBS. . .

Received from a person in Southern Pines (mailed), two Catholic pamphlets; these parts were marked for my attention, fork.

First pamphlet: "JUDAISM FULL-BLOSSOMED IS CATHOLICITY" The sentence following that title, says, "Christian indebtedness to the Jews is infinitely great." Second pamphlet: "The Jews thinking only of earthly things, always pictured the Messiah as an earthly King. With glory greater than Solomon. With a mighty, resistless army, trampling the nations of the world beneath it. All the world must bow before the Kingdom of Judea." It seems to me that one pamphlet cancels the other.

Another letter received, says this: "I agree with you regarding the Bible, that the idea or belief of a word of God existing in print, or in writing, is inconsistent in itself, or else it COULD NOT be copyrighted with all rights reserved."

I asked one minister, "How come the copyright?" He said, "That's so other Bible printers couldn't infringe on our ideas." That sounded kind'a silly to me, because one thing I do know for sure—God's word belongs to everyone FOR FREE, nothing down, and nothing a week. . . Just open your eyes to the beauty of His creation, and your mind to the greatness of yourself, lift up your stumbling brothers, and "DO UNTO OTHERS. . ." and the Spirit of God will never leave your side at any time.

Maybe they've got a copyright on how many punishments their particular devils can dish out. There must be more than one devil, because one organization says: "The devil that those fellows are talking about isn't the right one." The other organization says: "That is not so! Our devil is the best, and we've got friends to prove it."

I think that we better topple that mythical fellow from his mythical throne, or the next thing you know, somebody will try to patent the prongs on his pitch fork.

Was Money Sent To Right School?

Supt. Brown of the Morrison Training School at Hoffman called the Pilot today to say that he had received an unsigned letter from Southern Pines, addressed to him personally, enclosing \$10 to help the work of the "Jackson Training School."

The superintendent, a former school principal in West Southern Pines, wants whoever sent the money to let him know if the money is intended for "Jackson" and not "Morrison" Training school. Both are Negro correctional institutions.

Supt. Brown said that if he does not hear from the person who sent the money, he will assume it is for Morrison Training School.

He expressed deep appreciation of the unknown friend's interest and the gift, but wanted it to go where the donor wished it to be used.

THEATRES CAROLINA

Continuing at the Carolina Theatre, this Thursday, Friday and Saturday, is "Ulysses," the compelling and always interesting story, beautifully filmed in Technicolor, of the main incidents in Homer's "Odyssey," splendidly acted by Kirk Douglas as "Ulysses" and by Silvana Mangano as his wife, Penelope, and the enchanting players including Anthony Quinn, Rossana Podesta and Daniel Ivernal.

Based faithfully on the Greek epic poem by Homer it is filmed on many of the Mediterranean and Aegean sites where the story was first set. It is a worthy rendering of one of the greatest classic adventures of all time.

Coming Sunday, Monday and Tuesday (3 days), October 16-18, with three Sunday shows at 3, 7 and 9, is an adaptation of the Richard Harding Davis story of a dog, "Bar Sinister," starring "Wildfire" with an outstanding supporting cast including Jeff Richards, Jarma Lewis, Edmund Gwenn, Dean Jagger and Sally Fraser.

"Bar Sinister," a tale of a bull terrier of uncertain parentage who rises from the Bowery to blue ribbons, adds up to good entertainment for the entire family.

Entertainment featuring well-trained animals is no novelty, but this is an exceptionally clever entertainment about a dog and the human beings who figure in his life. Supplied with emotional qualities and humorous touches, it seems inconceivable that any audience will fail to appreciate it. Patrons will get many laughs to see human beings through the eyes of a show dog. It is a tender but laugh-provoking story of a dog who longed for a good home.

Starting Wednesday, October 19, with a matinee at 3, is "Lucy Gallant," in VistaVision and Technicolor, starring Jane Wyman, Charlton Heston, Thelma Ritter, Claire Trevor and William Demarest.

Based on the widely read novel by Margaret Cousins, "The Life
