

First Grade Room At West Southern Pines Wins Award

The first grade room of Mrs. Edna West Morse at West Southern Pines elementary school recently won the school's health award with a perfect score on an "evaluative check list" used in judging rooms at the school. Mrs. Morse, who has been a first grade teacher at the school for the past eight years, is shown here at her desk. Some of the 38 pupils in the room can be seen in this photo. Mrs. Morse is also school treasurer. She is the wife of T. T. Morse who is a member

of the Southern Pines town council. A graduate of State Teachers College at Fayetteville, she is a native of Sampson County. The first grade room pictured is one of the rooms in the modern elementary school that was opened in West Southern Pines last year. The children sit at several tables, according to the custom in modern primary grade rooms. The award was based on the school health committee's check for "cleanliness and good healthy work surroundings." Points

checked were: adequate ventilation, clean floors, desks (in order? Unscarred? Neat? No ink spots?) clean windows, clean chalkboard troughs, clean radiators, clean woodwork, lack of cobwebs, neat bookcases and neat teacher's desk. "Bonus points" in the examination were based on: attractive student group, attractive displays, growing plants, special tables and interesting projects. Some of the exhibits can be seen in this photo.

The children pictured here will join with others from first and second grade rooms at the school in presenting their annual school closing operetta, which is called "Spring Glow" this year, Tuesday of next week, May 22, at 8:30 p. m. The public is invited.

Meeting Set Next Week To Consider Town Affiliation

A meeting to discuss the possibility of Southern Pines "adopting" a sister town in some foreign nation will be held at Town Hall Monday at 5 p. m. The establishment of the so-called "Town Affiliation" program has been successful in many towns in the United States and is encouraged by the State Department as an excellent means of furtherance of international good will. The relationship of Dunkirk, N. Y. and Dunquerque, France, is cited as a good example of the program. It has already resulted in student exchanges, exchange visits of citizens, and other correspondence. If the project appears desirable for Southern Pines a committee is expected to be formed to select a suitable foreign neighbor and proceed with the affiliation. Mayor Voit Gilmore, who is helping to set up the meeting, has urged all interested citizens to attend.
