Re-Elect C. B. DEANE to Congress

Dear Friends:

As a member of the Appropriations Committee in Congress, I serve with four other Members to appropriate funds for the Department of the Air Force and the Department of Agriculture. During these crucial days, I feel the heavy responsibility of serving on two such important committees. I am greatly concerned about the National Defense Program of our country and the needs of our farmers. I am equally concerned with the smallest needs and problems of every constituent in my District.

In the closing days of my campaign for re-election as your Congressman, I express again sincere appreciation to the many personal friends and devoted supporters who are giving their time and effort toward my re-election.

Many people have offered their financial support, but I have made the decision not to accept personal cash contributions to my campaign in the primary. I have expressed to these friends my gratitude. I have shared with them my conviction that it is not right for such vast sums to be spent on political campaigns throughout the nation. I am appealing to the people of the 8th District to back me with their personal support and to share with me the responsibilities of this campaign. Some of my friends in various counties are running ads for me, for which I am most appreciative. It was on this same basis I ran two years ago. The results were gratifying.

I am grateful for the opportunity I have had to serve you. In asking for your active support and your vote on May 26, I pledge to you my total commitment to seek diligently the answers to the serious problems facing the defense of our nation; the urgent needs of our farm people; our veterans; the service men and their families; the growing unemployment among some of our people; the need for improved old-age retirement; adequate legislation; to protect the small business men and our large manufacturers and employees against unfair foreign competition.

Sincerely,
C. B. DEANE.

Here's Where the New Ideas Come From...

General Motors' new Technical Center—largest of its kind in the world—employs 4,000 engineers, scientists and stylists. These vast resources combine with Pontiac's own ultramodern engineering facilities to bring you America's greatest automobile value—Pontiac, a General Motors Masterpiece.

Watch "Wide, Wide World"—NBC-TV, Sunday, May 20—report on GM's new Technical Center.

...and Here's Where they GO!

"CAN YOU SEE, STEER, STOP SAFELY?... CHECK YOUR CAR—CHECK ACCIDENTS."

You'll know the engineers have been up to something special the first time you ask this long, low beauty for action, for here's "go" you can't get anywhere else.

The "go" of the newest in high-compression, high-torque engines—Pontiac's Strato-Streak V-8, so advanced and so efficient it delivered more actual miles per gallon than any other "eight" in the Mobilgas Economy Run!

The "go" of the newest in automatic transmissions—Pontiac's Strato-Flight Hydramatic*, specially engineered for Strato-Streak power and smooth as silk at any speed!

Come on in and bring yourself up to date fast!
