Tobacco Farmers Get Information On Soil Bank Act

Tobacco farmers in Moore County whose crop investments are protected by Federal all-risk crop insurance need not get acreage released before placing it in the acreage reserve program of the Soil Bank Act unless the tobacco crop on such acreage has been destroyed by an insured cause of loss," Julian E. Mann, State Director of Federal Crop Insurance Corporation, announced this week.

He pointed out that under the provisions of the tobacco policy, insurance would not be considered to have attached and no premium would be earned on acreage destroyed by insured farmers to comply with a Department of Agriculture program such as the Soil Bank. In order to obtain a revision of premium in these cases, policyholders should get their acreage reports revised by presenting evidence of the measured acreage left for production after placing a part of the acreage reported for insurance in the Soil Bank.

Insured tobacco growers who have not yet submitted a report of their acreage and interest in tobacco planted, should do so at once at the local FCIC county office, located in the Moore Hardware Building in Carthage.

Tobacco acreage destroyed by natural causes will be released by the Corporation in the usual manner, the State FCIC Director said, and policyholders as usual should get such destroyed acreage released by a Corporation adjuster before putting it to any other use.

The tobacco contract provides that only acreage on which tobacco has been destroyed can be released, and then only after an

Open House To Be Held By Scouts At New Building

The Moore District members of Oconeechee Council's Scout Executive Committee will attend a dedication program of the new Council offices in Raleigh Friday, Gen. Pearson Menoher announced this week.

Included are Dr. John C. Grier, Jr., Dr. J. D. Ives, Gen. Menoher, W. Lamont Brown; Frank Yandell, Scout Executive, and Voit Gilmore, mayor of Southern Pines, and a contributor to the construction project.

The new \$40,000 headquarters building was recently completed, adjacent to the new Occidental Life Insurance building in Cameron Village, Raleigh, and offices were moved there on June 18. The lot on which it is located was given to the Council. Most of the 12 counties in Oconeechee made monetary donations, and Moore County shared in the construction of the interior panelling of the building.

Open house will be held Friday, July 6. Invited guests and members of the Executive Board will attend a dinner at 6 p.m. The public is invited to the dedication and open house, which will follow the dinner.

inspection and the written consent of an FCIC adjuster. However, when all or part of any insured tobacco acreage is determined to be destroyed by an FCIC adjuster, then such acreage could be released and any indemnity due could be paid, in addition to any payment received under the Soil Bank," the State Director advised.

Believe it or not, there will soon be on the market a soap that is good enough to eat—it's made of sugar.
