Scout Council Headquarters In Raleigh Dedicated

The dedicatory service of the new Oconeechee Council Headquarters of the Boy Scouts was held Friday in Raleigh, and was attended by Gen. Pearson Menoher, Dr. J. D. Ives, Lamont Brown, Voit Gilmore, and Ed Cox, all of Southern Pines.

The building is located in Cameron Village and has only recently been completed.

The new headquarters serves 17,000 scouts in the Council which represents a remarkable growth from the 1,700 total of 1943, it was noted at the dedication. In the building itself, paneling was contributed by Voit Gilmore and associates, and other features by different benefactors in the Council, all of whom were acknowledged at the ceremony Friday.

It was also revealed that W. D. Campbell of Southern Pines was one of the beginners of this development. He was not able to be present at the ceremony, however.

Mr. and Mrs. J. W. Rettew, their children, and his parents, Mr. and Mrs. W. E. Rettew, are spending this week in Morehead City. The senior Rettews arrived here last week from Sidney, Australia, where he was in the textile business.

Mrs. S. A. Hennessee, her daughter, Mrs. John Barry, and Mrs. J. B. O'Brien are going to Myrtle Beach, S. C., this weekend for a fortnight's stay.

Deadline Set For Qualifying Land For Soil Bank

Earliest deadline date for disposition of crops to qualify land under the 1956 Soil Bank acreage reserve has been set 15 days later, to July 15, the U. S. Department of Agriculture has announced.

The previous earliest deadline for disposing of basic crops to reduce acreage below allotments for corn base, or to dispose of oats, soybeans, or other crops growing on land designated as acreage reserve, was June 30.

Moore County wheat farmers who were within their allotments on May 31, and who have not harvested any wheat, still can place their wheat acreage in the Soil Bank by plowing up this year's crop prior to July 15.

The change also affects tobacco growers in the Border and Eastern belts. They have until next Sunday to plow up tobacco to qualify it for the acreage reserve. However, the tobacco must not have been cropped prior to being turned under.

In the Middle Belt, the deadline for growers to plow under tobacco has also been extended, from July 10 to July 15.

All farmers, however, are cautioned by H. D. Godfrey of the State ASC office to sign an agreement at the county ASC office before taking any action to participate in the Soil Bank.

The overall deadline for signing acreage reserve agreements is July 20.

The changes in dates listed above are for compliance with the 1956 acreage reserve only. They do not in any way affect the disposition dates for compliance with allotments under price support and marketing quota programs.

It's a Great Time to Buy a Buick

(And at the Best Buy Yet!)

WHAT'S IN IT for you — if you step out and buy yourself a 1956 Buick right now? Well, first of all—the time is right. Right now, your present car is at its peak worth. And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year — if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet. We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.

For example, take the beautiful big '56 Buick SPECIAL pictured here. It's one big reason why Buick now ranks in the top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars. That sure makes Buick a whale of a lot of car for the money. And look: Nowhere but in a '56 Buick can you get the absolute smoothness and the electrifying performance of Buick's terrific new Variable Pitch Dynaflo.* Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy — or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess. Add it all up and the answer comes out the same, any way you figure it: Now's the time to buy your 1956 Buick. Will you come in — before another sun sets — and get set with your best buy yet?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Watch that summer slump!

Summertime and the living is easy. During the sweltering season it's so easy to get that summer slump — so easy to let someone else do your work.

Communities are the same way. All the good work you've done toward the Finer Carolina program can come to a standstill.

In the past prize winning communities continued their progress through dog days and torrid times. Come rain or shine help your Finer Carolina Committee make your town Carolina's Finest.
