\$269.95

#### FEATURES OF THE NEW HOTPOINT HI-VI TELEVISION

Anti-glare tinted safety glass picture tube—Shaded glass on the new Hotpoint Picture tubes produces blacker blacks and clearer details on your screen.

Stay-Set Volume Control—To turn your Hotpoint TV on or off, simply push or pull the volume control knob. Thus your volume stays the same, just where you had it the last time.

New Interference - Stopper — Eliminates picture jumping, doing away with the need to be continually adjusting your set. When you tune in the best picture you automatically get the best sound.
