

Rites Held Today For Will L. Inman

Will L. Inman, 53, of Parkwood died Monday in a Pinehurst hospital of a heart attack.

Funeral services were held Wednesday at 2 p.m. at the Glendon Christian Church, with the Rev. William H. Hancock officiating, assisted by the Rev. Ernest Hancock. Burial was in the church cemetery.

Survivors are his wife, the former Alice Tillman, four daughters, Mrs. Norris Shields of Route 1, Robbins, Mrs. Dan Dunlap of Parkwood, Sarah and Ann Inman of the home; three sons, Mark, Worth and Don of the home; four sisters, Mrs. Arthur Flinchum and Mrs. Joel Flinchum, both of Route 1, Carthage, Mrs. Wylie Long and Mrs. Charles Simmons both of Pilot Mountain; two brothers, David Inman of Pilot Mountain, Johnny Inman of Route 1, Carthage; and three grandchildren.

Construction Of Nine Improvement Projects To Water System Started

Materials for the first nine projects in an ambitious improvement program in Southern Pines water system is arriving and being laid on the sites. Work on the projects is expected to get underway within the next few days, according to Dean Patterson of Burlington, owner of the construction firm that was awarded the contract earlier this month.

The projects, primarily for fire protection and reinforcing fire protection mains, are costing \$68,004.50. A total of 18,500 feet of six and eight inch cast iron water mains will be used, and 20 hydrants will be installed.

Patterson said that poured lead joint type of line would be installed. He said that such construction, though it costs slightly more than other types, is far superior, citing the fact that many

towns still are using similar water mains that were installed more than 100 years ago.

The projects are the first in a long range program that is expected to have an eventual cost of more than one-half million dollars. Their need is based on a report made by the Pitometer Associates, a nation wide firm specializing in the study of power water systems. The program is expected to take some 15 years to complete.

At present Southern Pines has a good supply of water for home and business consumption but is lacking in fire protection. Many of the mains are not big enough to adequately serve a given area, and many are in need of repair.

Though the nine projects will be used primarily for fire protection, town officials said earlier this week that they could be used for water supplies for home consumption if the need arises.

The locations of the projects are as follows:

S. Ridge St. from Morganton Road to Mass Ave.; East Indiana Ave., from Ridge St. to Highland Road; Midland Road from Pee Dee Road to Central; E. Broad St. from Maine Ave. to Conn. Ave.; N. Stephens St. from Conn. Ave. to Penn. Ave.; W. Penn. Ave. from Hardin St. to New Hampshire Ave.; N. Saylor St. from Conn. Ave. to Penn. Ave.; and E. Delaware Ave. from Ridge St. to the underpass.

Marketing Quotas For Upland Cotton Will Be Decided

The referendum on upland cotton marketing quotas, to be held throughout cotton-producing areas on December 11, will be the 11th vote of its kind, Sam Dilling, vice-chairman of the Moore County Agricultural Stabilization and Conservation Committee, said today.

The first vote on cotton marketing quotas was held in March, 1938, and the last previous cotton referendum was last December. In the last vote, 93 per cent of the farmers voting expressed approval of using the quotas for the 1956 cotton crop. At least two-thirds

of the farmers voting must favor quotas before they may continue in effect.

Under legislative provisions, the Secretary of Agriculture must proclaim a national marketing quota and a national acreage allotment for upland cotton whenever he finds that the total supply exceeds the normal supply.

Marketing quotas operate through acreage allotments. A grower who exceeds the cotton acreage allotment for his farm, under a cotton marketing quota program, will be subject to a marketing quota penalty of 50 percent of parity on the farm's excess production. Growers who do not exceed their cotton allotments may market free of penalties all the 1957 cotton production from their farms.
