

### ights And erdeen Divide Cage Bill Friday

With Billy Hamel and Tony Parker controlling the backboards, the Southern Pines Blue Knights played a deliberate control game last Friday night to defeat Aberdeen by a slim two-point margin, 43-41. Big Roger Verhoeff, out of the game for the better part of two quarters with fouls, was held to 14 points, his lowest of the season.

Patti Hobbs, top guard for the local girls, held Aberdeen's all-state forward, McFarland, to 13 points but that wasn't enough. The visitors scored a 71-65 victory, though the game was much closer than even the close score would indicate.

Patti Britt pushed in 40 to lead Southern Pines. Holding a 10-point lead at the half, 37-27, the Devilettes were never headed although Southern Pines pulled within four points of them several times in the final period.

Lillian Bullock had nine points for Southern Pines, and Anike Verhoeff scored 12. Substitute Louise McDonald got four. For Aberdeen Georgianne Blue was high scorer with 33 points, followed by Schnell with 25 and McFarland with 13.

In the boys' game Coach W. A. Leonard pointed to the clever floor work of Bobby Parker and Everett Cushman as one of the big factors in the Southern Pines victory. The two set the stage for the "control" game that was the chief factor in Southern Pines taking the game.

Hamel scored nine points, Tony Parker got seven, Bobby Parker had 11, and Everett Cushman had two. For Aberdeen substitute John Caldwell was high scorer with 10 points. Other in the scoring column were Sonny Smith, four; Harvey White, eight; Larry Littleton, six; Wilson Teal, seven; and Kenneth Carrington, six.

The game was played before one of the biggest houses at the school this year.

In order to accomplish these objectives, the close cooperation of the home, church, school, and all other persons and agencies interested in children is necessary. The Board of Education, the Administration, and the Faculty realize that the school has a definite responsibility in the matter of pupil behavior and intend to do everything possible in this area of pupil development. However, the school officials feel that parents have the primary responsibility in regard to child behavior and that it is expected that pupils will come to school prepared to be polite, courteous, and to obey rules and regulations.

In order for the school to serve its primary objective of teaching and training children, the Board of Education, Administration, and Faculty have unanimously adopted the following policies and procedures:

1. Teachers and principals shall maintain good discipline in their respective classrooms and schools. They shall always keep the welfare of the pupil in mind and shall act fairly and honestly in all matters. All school personnel is assured of the full support of the Board of Education in the proper performance of their duties.

2. Pupils shall be polite, courteous, and shall obey all school rules and regulations. Impudence, arrogance, disorderliness, and disrespect will not be tolerated.

3. If a pupil disobeys the rules and regulations of the school, or is impolite, discourteous, disorderly, or disobedient, he shall be punished by the teacher. The Administration and Faculty will determine the types of punishment to be used.

4. If the pupil does not accept the punishment assigned by the teacher, he shall be sent to the principal or superintendent and the teacher shall notify his parents in writing.

5. The principal or superintendent shall deal with the student in such manner as to protect the best interest of the pupil and the school. Additional punishment may be administered and further consultation with the parents arranged.

6. If the pupil continues to break the rules and regulations of the school and is disrespectful, arrogant, disorderly, or disobedient, he shall, upon the approval of the superintendent, be suspended from school attendance. He shall not be re-admitted until he and his parents agree in writing that he will abide by all school regulations.

7. If in the opinion of the Board of Education, the Administration, and Faculty, the conduct of a pupil is such that his presence jeopardizes the efficient operation of the school, he shall be expelled for the remaining of the current school year. His case may be reconsidered by the school authorities from year to year.

The above policies shall be administered firmly and fairly and in the interest of all concerned. It should be noted that it is not fair to the majority of pupils to allow a few pupils to interfere with the instructional program and the efficient operation of the school. In order that each pupil has the opportunity to obtain the best education possible and to grow and develop according to his ability, we respectfully request the cooperation of all pupils and parents in the Southern Pines School District.

Carroll; Robert L. Addison vs Willarstine Addison; Cho Bailey vs Oscar Bailey; Edith B. Fitzgibbon vs William J. Fitzgibbon; Dr. Salisbury's Laboratories vs G. T. Gilmore; and W. O. White vs Roberto Scognomillo.

**Funeral Held Today For Eastwood Baby**

Funeral services for Herbert Mudgett Eastwood, Jr., infant son of Herbert M. and Betty Eastwood of Jacksonville, N. C., were held at 11 a.m. today at Jones Funeral Home Chapel, conducted by the Rev. John Steele, Presbyterian minister, and burial was in Onslow Memorial Park. The baby was born January 10 and died January 16.

Surviving, in addition to the parents, are two sisters, Betty, 14, and Marian, seven; the paternal grandmother, Mrs. J. B. Eastwood of Southern Pines, and the maternal grandfather, W. L. Harris of Seaboard.

Mrs. Graham Culbreth, sister of Mr. Eastwood, spent from Saturday until Tuesday with the family and she and Mrs. Eastwood, upon receiving news of the baby's passing, left for Jacksonville Wednesday to remain until after the funeral.

this increasing demand.

Bigger appropriations for textbooks, school bus replacement, janitorial service and an increase in student school bus driver pay from \$22 to \$27 per month are other features of the proposed budget outlined by Mr. Davis.

Called Reasonable  
"The State Board of Education spent months preparing the proposed budget," Mr. Davis said. "The board feels that the requests are reasonable and that the people will be able to provide the funds if they have the will to do it."

The speaker's opinion was repeated by Dr. Dawson who said the proposed budget "is well within the ability of the people of the state to pay."

Commenting on Governor Hodges' suggestion that local school units may be asked to bear a heavier part of the cost of public school education, Dr. Dawson noted that the Southern Pines school district, with a special tax of 50 cents per \$100 of property valuation, is now paying the maximum in local assistance allowed under general current law. But under a special act of the General Assembly, the Southern Pines district is permitted to levy as high as 60 cents for special local school tax.

Dr. Phillips announced the resignation of Ralph Chandler as PTA treasurer and said that the executive committee will appoint a successor at its next meeting.

Both Dr. Phillips and Dr. Dawson called the attention of parents to the outline of school discipline policy that was distributed to parents through the students this week.

The outline appears elsewhere in today's Pilot.
