

### Sale At Crocker Home Saturday To Benefit Church

Miscellaneous household furnishings of the late Mr. and Mrs. C. T. Crocker of Pinehurst will be offered at public sale on one day only—Saturday, February 9—it was announced this week by the Rev. Martin Caldwell, rector of Emmanuel Episcopal Church, Southern Pines. The sale will begin at 10 a. m.

Heirs of Mr. and Mrs. Crocker designated that these household furnishings be disposed of for benefit of The Emmanuel Church, the rector said. All proceeds of the sale will go to the church.

All articles in the home have

been priced in preparation for the sale. There will be no auction. The sale will take place at the Crocker home, "Pinewild," on Linden Road, Pinehurst. There will be no closing time. The home will be open Saturday until most of the articles have been sold. Many small items at very low prices are included in the furnishings to be sold, it was stated.

**WHAT EFFECT?**  
A recent U. S. Department of Agriculture study shows that the size of the grain storage structure and its extent of use have more effect on the total annual cost per bushel than does the type of structure.

### Quentin Keynes, Explorer, To Speak At Pinehurst Forum On February 14

The fifth program in the Pinehurst Forum's winter series of guests lecturers and musical artists will be presented in the Pinehurst Country Club Lounge on Thursday evening, February 14, at 8:45 p. m., when Explorer Quentin Keynes takes the platform to deliver an interesting talk on foreign places and shows a color motion picture called "Journey to the Skeleton Coast." The Forum meeting will be preceded by the Country Club's weekly buffet supper, to be served in the dining-room at 7 o'clock, and for which advance table reservations are required.

When it comes to exploration, there are few young men as determined as Mr. Keynes in seeking out-of-the-way places for unusual film material. An expert photographer, he makes a specialty of visiting areas that are little known to the average person. As he says, he likes to explore in "the old-fashioned way—simply for the intrinsic value of doing so!" This enterprising young man has managed to make five comprehensive expeditions to the world's remoter spots in the relatively short span of seven years.

Of Anglo-American parentage, Mr. Keynes numbers among his distinguished ancestors his great-grandfather, the famous naturalist Charles Darwin, and his uncle, the noted economist, the late Lord Maynard Keynes. He himself has lived on both sides of the Atlantic Ocean, but during the past 15 years has maintained his home in the United States except during the periods when he was out in the far corners of the world exploring. "Journey to Skeleton Coast" covers some of the wildest country left in Africa, much of which he filmed for the first time. All of Mr. Keynes' color films

MR. KEYNES

contain strikingly varied scenes that come as a complete surprise to his viewers. For, in line with his exploring credo, he invariably concentrates on the unexpected.

### Episcopal Boys' Choir To Sing At Service Sunday

A newly organized boys' choir of Emmanuel Episcopal Church will sing for the first time during a regular church service when the group takes part in the 11 a. m. service Sunday, February 10.

The choir is composed of boys six through 14 years of age. The Rev. Martin Caldwell, rector, said it is expected that the boys' group will be the regular choir of the church, singing at 11 a. m. services, except on the first

(Communion) Sunday of each month. Mrs. Wilbur Currie and Mrs. Arthur Eakins are directing the choir.

Boys enrolled in the group now are: Jerry, Ronnie and Larry Bradley, Philip and David Darst, Ronald and Tommy

Thompson, Randy Warren, Chris Benedict, Eddie Davis, Richard Dana, Johnny Morgan, Dickinson Pollock, Alfred Chiswell, Bob McConnell, Bill Rounds, Mike Bohlander, Eric Langner, Philip Fitanides, Jimmy Diethofer, Larry Lyerly, Michael Cleary and Garland McPherson.

The value of U. S. farm exports in 1956 is expected to surpass four billion dollars, which would be 30 per cent above 1955 and equal to the all-time high set in 1919 of 4.1 billion, according to marketing officials with the U. S. Department of Agriculture.
