Goes like a Thunderbird!

For a car that "eats" like a bird . . . just watch this new kind of Ford devour the miles! That's its new Thunderbird V-8 power* for you. It's the same kind of milè-melting power that sparks the mighty Thunderbird itself . . . the same staying power that hurried a '57 Ford over 50,000 salt-encrusted miles at Bonneville in less than 20 days . . . at an average speed of more than 108 miles per hour! But Action Test the new kind of Ford. Feel the new solid, silent ride that stems from the all-new Inner Ford. Discover all the other reasons why Ford makes "luxury" a low-priced word!

*Ford offers V-8 engines in a wide range of horsepower — including a Thunderbird 312 Supercharged V-8 that delivers 300 hp and a 270-hp Thunderbird 312 Super V-8
