**In The General Assembly**

By CLIFF BLUE

(Editor's Note: Mr. Blue, publisher of the Sandhill Citizen in Aberdeen, and Moore County's representative to the General Assembly, plans to write a column each week on legislative happenings, particularly as they relate to Moore County.)

**Little Activity**—Since the opening of the General Assembly last week it has been somewhat like the opening of school with no assignments being made. The committees have not been appointed and until they are appointed little real work will be done for the work of legislative bodies is largely done in committees.

**Butner Hospital** — Headed by Rep. John W. Umstead, Jr., of Chapel Hill, chairman of the State Hospital Board of Control, your representative with several other members of the house and senate visited the State Hospital at Butner Tuesday morning, seeing first hand the condition of the hospital and the patients.

A great work is being done at Butner and other state hospitals for the mentally ill. We were told that the average stay of a patient at Butner now was around three or four months whereas it used to be that the treatment period was much, much longer.

We were also told that during 1936, 33 per cent of the patients admitted to Butner Hospital volunteered for treatment. The hos-

pital authorities said that when they could get a person in need of treatment early that it was much easier to successfully treat them.

**No Delay**—Butner Hospital is now taking care of all adult requests for admittance without delay. With the great progress which medical science has made in the treatment of the mentally ill, Rep. Umstead said that when the present renovation program was completed that we would have adequate facilities to take care of all requests in the foreseeable future.

**Youth**—But for our boys and girls the state has a large waiting list for the mentally deficient. At Kinston the state has a training school which is crowded to capacity. At Butner permanent buildings are now being erected to take care of about 600 and the General Assembly is being asked to provide funds to enable Butner to take care of 1200 mentally deficient boys and girls.

**Reaction** — The huge Butner Hospital was built by the Federal government during World War 2. It is of brick construction outside but in the inside it was originally finished with plaster and sheet rock. In some sections and wards the condition got in pretty bad shape. When one group of about 500 patients was moved from an untidy section into a nice renovated section, many immediately showed marked improvement. We were told that of the 500 about 15 or 20 percent had to be fed by the attendants but after the move all but about 10 of the patients were able to carry their own trays and serve themselves.

**Governor's Speech** — On Monday night Governor Hodges delivered his biennial message to the General Assembly. Tuesday's papers well covered it. It was well received, but many did not think his proposal to give the teachers a 9% pay increase sufficient and there will be a big fight to increase it.

**Crabtree**—Andrew J. Crabtree of Carthage Route is again serving as an assistant sergeant-at-arms in the gallery of the house. Since 1839 Mr. Crabtree has served as an assistant sergeant-at-arms in either the house or senate.

**Welcome**—Whenever any of the people from Moore are in Raleigh while the General Assembly is in session we hope they will drop by the capitol and let their presence be known.

**THEATRES CAROLINA**

Continuing through Thursday-Saturday, at the Carolina is a return date in the Sandhills of that much talked of production, "Anastasia," providing a superb vehicle for Ingrid Bergman's return to the American screen after a seven year absence, who proves that she has lost none of her gracious charm or ability to submerge herself completely in a role.

Yul Brynner and Helen Hayes share top billings in this gripping story about the lost daughter of the last Russian Czar, and an elaborate scheme to legitimize her claim to a fortune.

Made in London, Paris and Copenhagen this production in CinemaScope and De Luxe Color is on a grand scale.

It was necessary to switch this picture from Feb. 10-13 to Feb. 14-16 by circumstances beyond our control.

Coming Sunday through Tuesday, is a re-issue of that exciting M-G-M attraction, "Green Dolphin Street," based on the prize-winning novel of romance and adventure by Elizabeth Goudge, and starring Lana Turner and Van Heflin with an all-star supporting cast including such illustrious names as Donna Reed, Richard Hart, Frank Morgan, Edmund Gwenn, Dame May Whitty, Reginald Owen, Gladys Cooper, Linda Christian and Gigi Perreau.

It tells its action-swept story against such picturesque backgrounds as a Channel Island seaport of the 1840's, adventure in China, action aboard an old-time clipper ship and a terrific climax of an earthquake.

Starting Wednesday, Feb. 20, at 3 and 8:15 p. m. is the mystery story, "The Wrong Man," in which director Alfred Hitchcock holds the mirror up to life for the first time.

In the long and fabulous career of Alfred Hitchcock, this is the first time he has gone to life for his story. In the same manner in which a director creates his special brand of film magic, he took his cameras to the actual New York City locales of the story; cafeterias, offices, apartments, clubs, streets and subways all are seen in the film.

Henry Fonda and Vera Miles play the roles of two people caught in an amazing web of mistaken identity. It is Mr. Fonda's initial performance for Mr. Hitchcock.

**ALMOST \$5,000 COLLECTED**

**Several Communities Pass Quotas In Annual March Of Dimes Drive**

Mr. and Mrs. H. N. (Bill) Scott of Carthage, who undertook the chairmanship of the polio campaign in the county seat only February 2, this week soared triumphantly past their \$1,000 quota and are still going strong.

The young couple, whose little girl was a polio victim of the 1948 epidemic year, said they "couldn't let the March of Dimes down." When weeks went by without a chairman having been secured, they offered their services. These were readily accepted and they speedily set up an organization and started collecting.

Early this week, they remitted \$851.17 to Treasurer C. H. Bowman in Aberdeen, and Wednesday Bill Scott said he had "around \$200 more in hand" with a good many of his precincts not yet heard from. Returns have yet to come in from the Carthage Fabric Corporation and several residential workers. And there will be an extra lift from a collection this Sunday at the Carthage Presbyterian Church, and perhaps another church. These will wind up the campaign, Scott said.

This was just one of several fine news items about the Moore County polio drive this week, though the returns still don't add up to the quota of \$7,560, by something over \$1,000.

Southern Pines this week passed its quota of \$1,750 as Chairman Paul H. Butler reported \$1,828.59 with returns still coming in. This community is missing the USAF Air-Ground school, which for the past several years has run its own campaign, netting from \$800 to more than \$1,000 from students and staff.

Mrs. Arthur Williams, chairman at Eagle Springs, reported \$144.72 —well past the \$100 quota for this small community. Mrs. Phillip Mather's first report from Pinebluff and vicinity totaled \$153.21 —nearly up to the \$175 goal. The amount was collected as follows: Pinebluff, \$129.61; Silver Springs, \$14.50 and Addor, \$9.10, with special salutes to helpers Mrs. Hazel Allison and Mrs. Bill Huston.

Chairman Ralph G. Steed of Robbins sent a first installment of \$320, with promise of more to come "though times are hard here and the \$1,000 goal looks a long way off."

C. Edson Powers, Highfalls chairman, sent \$160—just \$40 more, and he will reach the goal; and Pinehurst Chairman J. Frank McCaskill reported \$1,026.55, almost up to the \$1,050 quota.

Already over the top were Niagara, where, with a quota of \$30, Mrs. Gurney Bowles turned in \$53.50—the first to pass the goal; Cameron, where Mrs. Merla S. Gaines passed her \$200 quota by \$54.41; Farm Life, where Mrs. Paul Greene had a quota of \$50 and more than doubled it, with \$113.31.

Mrs. Louis Bellet at last report was just \$5 short of her \$50 goal; and J. F. Sinclair of West End hit it right on the nose with \$300, but promising more to come.

At Roseland, Mrs. Clayton Kirk more than made her \$30 quota, divided into \$26.02 from Roseland and \$16.52 from Narrow Ridge.

Aberdeen Chairman Curtis McInnis, who passed the \$1,000 quota last week, was heading this week toward the 1,200 mark. Most of these amounts have been turned in to the treasurer, who totaled up his holdings in the amount of \$4,819.79. Sums re-

Canned evaporated milk is a sterile product. Unopened cans of evaporated milk keep for periods of over a year with no marked physical changes when stored in a cool, dry, ventilated place. An open can of evaporated milk should be kept in the coldest part of the refrigerator and consumed within four or five days.

The greatest need of most dairy farmers, if they are to operate efficiently, is production records on each cow in their herds.
