

In The General Assembly

By CLIFF BLUE

Governor's Message... Highlight of the General Assembly this week was Governor Hodges' appearance before a joint session of the General Assembly in which he recommended a pay increase of 15 per cent for the class-room teachers and 11 per cent for the other state employees. The Governor's suggestion seemed to be pretty well received by the legislators in general. Some were not satisfied and our thought is that at a later date a fight will be made to up the teachers pay by 19.31 per cent on a contingency basis—that is pay them for an extra week if the money is available.

Aberdeen Bill... On Wednesday I introduced a bill amending the charter of the Town of Aberdeen in two ways. In the first place the charter of the Town of Aberdeen provided that the town elections should be held "annually" and on the first Tuesday May. As far back as records are available the town election has been held biennially on Tuesdays. The bill provides that the elections shall be held "biennially" and on the first Tuesday after the first Monday in May. The bill also validates past elections.

Southern Pines... On last Friday, at the request of the governing body of the Town of Southern Pines I introduced a bill "to revise and consolidate the charter of the Town of Southern Pines." The matter has been thoroughly advertised and discussed in Southern Pines.

Re-districting... On last Friday I introduced the "bill which I wrote about in last week's paper to re-district districts one and four for the Moore County Board of Education and County Commissioner in Moore County so as to provide for Little River Township which will be annexed to Moore County effective January 1, 1958. Only districts one and four were changed in the re-districting bill. Greenwood township was taken from district four and placed in district one, and Little River put in district four with McNeills township. The other three districts in the county are composed as follows: District two, Bensalem and Sheffields townships; district three, Deep River and Ritters townships; and district five, Sandhills and Mineral Springs townships.

School Bill... At the request of the Moore County Board of Education on last Friday I introduced a bill to extend the law passed two years ago providing that the Moore County school authorities could construct or repair any single school building with their own construction or repair force where the total cost of construction or repair does not exceed \$40,000. In the bill passed two years ago the maximum cost was \$30,000. This, the Board of Education requested be raised to \$40,000. The Board of Education feels that they have saved considerable money by doing the repair work and some of the construction with their own construction or repair force.

Development Bill... On Monday night I introduced a bill at the request of the Moore County Commissioners which authorizes the Moore County Development Fund by annual appropriations of not more than \$5,000 from non-tax revenues. The idea of the bill is for the Commissioners to use the funds to encourage industrial development and agricultural development, etc., in Moore County.

Fortune Telling... On Monday night I also introduced a bill so as to prohibit the practice of phrenology, palmistry, fortune telling or clairvoyance in Moore County after January 1, 1958. This bill was requested by a resolution of the Moore County Commissioners and citizens over the county.

Patsy Blue... Speaker Doughton has named Patsy Blue, daughter of your representative as one of the house pageettes. There is one other girl pageette and the rest of the attendants are pages. Patsy is enjoying her duties with the legislature very much.

Pooles... Mr. and Mrs. J. Hawley Poole attended the Monday night session of the General Assembly and Mr. Poole attended the meeting of the State Board of Agriculture on Tuesday of which he is a member.

Bills... I have had more local

bills from Moore County than I had anticipated. While the session will run several weeks yet, if there are other bills which need to be introduced I hope to have them not later than April 22 if possible. No deadline has been set in the house for the introduction of local bills but I prefer to get them in early and avoid the necessity of having to rush them through. I always like to let the people know about bills so they can object if they hold contrary opinions.

Wildlife... On Tuesday night I returned to Moore County and met with the Moore County Wildlife Club and discussed with them legislation dealing with wildlife matters. The meeting was held in Jackson Springs and I enjoyed it very much.
