Postmaster Warns About Quacks Who Gyp Through Mail

Postmaster A. Garland Pierce today urged residents of Southern Pines to report promptly to the post office any instances of medical frauds involving use of the mails, or offensive advertising material involving apparent medical quackery that enters their homes.

Pierce said his suggestion was prompted by newest reports he has received from Postmaster General Arthur E. Summerfield and Chief Inspector David H. Stephens that use of the mails for medical quackery is at an all-time high.

The local post office, Pierce explained, under instructions from the Postal Inspection Service, turns complaints of medical

fraud, as well as all other complaints of other types of mail fraud—which are also welcomed—over to postal inspectors for prompt investigation.

So far this year, postal inspectors have prepared cases for consideration by the Department's General Counsel which, conservatively, represent an annual loss to the public of \$50 million.

Under Federal statutes, postal inspectors are charged with investigating any fraudulent activity in which the U. S. mails are used. The most prominent fraudulent activity conducted through the mails today is in the field of fake medical cures.
